**STOCK MARKET
IS IRREGULAR:
STERLING'S UP**

NEW YORK, Feb. 13.—The stock market opened irregular following the Lincoln birthday recess. Demand sterling on the foreign exchange was up a half cent at \$3.38 3/4.

On the stock exchange U. S. Steel opened at 96 1/4, off 1/4; Studebaker 82 1/2, off 3/4; Republic 101 1/2, up 3/4; Mexican Petroleum 165, off 1 1/4; A. T. and T. 96 1/2, off 1; Crucible 208, unchanged; New York Central 65, unchanged; Sinclair 35 1/2, off 1/4; Central Leather 72 1/2, off 3/4; Marine 38, off 1/4; Baldwin 107 1/2, up 1/2; American Woolen, 120 1/4, unchanged; U. S. Rubber 96, up 1/8; Reading 65, unchanged; General Motors 235, off 3/4; U. S. Stores 67 1/2, off 1/4. The curb market was also irregular at the opening.

Execution of selling orders accumulated over the holiday resulted in the weakness in a number of issues.

The death of Henry B. Endicott, head of the Endicott-Johnson company had an adverse effect of that stock, which opened at 110, off 1 1/8. Steel common rallied half a point in the first few minutes.

The railroad situation seemed to have no effect on the market. The tendency on the whole list was easier. U. S. Steel declined to 96 and then stiffened. General Motors sold off 2 1/2 from the opening to 232 1/2 and Baldwin declined to 107 1/8. Crucible broke to 201.

Heavy selling waves hit the market during the morning and resulted in new low being made on the list. United States Steel went down to 96 and Crucible, breaking through 200, found a temporary bottom at 197, off 11 points net. From this point it rallied to 201 1/2.

General Motors declined to 228 1/2. Pierce Arrow, U. S. Rubber and Republic Steel also broke sharply.

**ATTACK IS "VICIOUS
BUT CHARACTERISTIC"**

WASHINGTON, Feb. 13.—The shipping board will hold up the sale of former German ships if congress goes on record against it, John Barton Payne, chairman of the board, told the senate commerce committee today.

"If the committee thinks we ought not to make that sale, all the committee has to do is pass a resolution and it will be cheerfully complied with," he said. He advised against this course, however. While Payne was making this statement, the White House gave out a letter which Payne had written President Wilson defending the proposed sale set for next Monday and characterizing the attack upon the sale as "vicious but characteristic."

**DETECTIVES IN GUN
BATTLE WITH BANDITS**

LOS ANGELES, Feb. 13.—A gun battle between an auto load of detectives and bandits occurred near the Mazy street bridge shortly before dawn today. Detectives who were scouring the city for bandit suspects came upon an auto stopped in front of a house near the bridge. They recognized several of the men in the auto as suspects for whom they were searching. When the police machine approached, the officers shouted for the suspects to surrender. The bandit auto immediately started and the police gave chase. The detectives opened fire at close range and the bandits returned fire with bullets. Whether any of the bullets took effect is not known. The bandits returned the fire but their bullets went wild. After a chase of several miles the men escaped.

**President's Grand-Daughter
Deplores Plight of Euro-
pean Kiddies**

WASHINGTON, Feb. 13.—"I'd like my daddy to tell the poor little children that I wish I could give them some of my supper, but they're so far away."

This is what Ellen Wilson McAdoo, granddaughter of the President, said to her father, William G. McAdoo, former secretary of the treasury and national rail director, when he told her about the plight of those other little girls and boys, not so very different from her, in Central Europe today.

BULLETINS

NEW YORK, Feb. 13.—Fourteen cars oranges and no lemons sold today. Oranges strong. Very little change in prices. Averages, \$3.19 to \$7.44. Highest price, 36 boxes Alta Cresta, \$8.10. Snowing, temperature, 8 a. m., 33.

LOS ANGELES, Feb. 13.—S. J. Ward of Indianapolis reported to the police today that a thief entered his room at the Occidental hotel on South Hill street and escaped with a handbag containing \$34,000 worth of bonds and diamonds valued at \$3,800. Ward and his wife arrived here last night from Riverside where they have been visiting for a month. The robbery occurred while Ward was asleep and after Mrs. Ward had left the room for a few moments, leaving the door unlocked.

INDIANAPOLIS, Feb. 13.—S. J. Ward is a wealthy realty man and jeweler. He recently retired. He is known as a very wealthy man. His practice has been in winter in Southern California.

LOS ANGELES, Feb. 13.—At noon today reports of 265 new cases of influenza had been made to the city health commissioner. Yesterday 405 new cases were reported. More than 2000 homes are under quarantine.

WASHINGTON, Feb. 13.—Democratic senate leaders will announce their position on a compromise on Article 10 of the League of Nations covenant late this afternoon. Senator Hitchcock said today. It was said Democrats were ready to submit a definite proposal about which President Wilson is understood to have been consulted. This proposal is understood to be based on one of Wm. H. Taft's reservations.

LONDON, Feb. 13.—A dispatch to the Central News today said it had been definitely confirmed that Admiral Kolchak, former head of the Russian anti-Bolshevik government and his premiers were shot and killed in the prison yard at Irkutsk Feb. 7, following conviction by a military court martial, presumably of their own troops.

LONDON, Feb. 13.—The council of the League of Nations late today decided to summon an international financial conference "to study the present financial crisis and seek means to remedy or mitigate its dangerous consequences." The conference will be summoned at the earliest possible date, it was announced.

**ARIZONA RATIFIES
SUFFRAGE AMENDMENT**

PHOENIX, Ariz., Feb. 13.—At a special session the Arizona legislature late yesterday ratified the federal woman suffrage amendment, the resolution of ratification passing both houses unanimously.

**WILSON MAKES REPLY TO WAGE DEMANDS
OF TWO MILLION RAIL WORKERS TODAY****FLAYS FOES OF SUFFRAGE****LIKE A FLY
SITTING ON
WHEEL OF
PROGRESS****Association President Opens
Chicago Convention
Today****FOUR SENATORS ARE
ATTACKED AS ANTIS****Suffrage Body Will Give
Way to League of Wo-
men Voters**

CHICAGO, Feb. 13.—The enemy of women suffrage is "a fly sitting on the wheel of progress" imagining he can command it "to revolve no more and it will obey," Mrs. Carrie Chapman Catt, president of the National Suffrage association said in her opening address at the convention of the organization here today.

Mrs. Catt reviewed the battle for the federal suffrage amendment, citing the difficulties which were overcome in securing its passage by congress and in the present fight for quick ratification by the states.

She attacked Senators Borah of Idaho, Wadsworth of New York, Pomeroy of Ohio and Hitchcock of Nebraska, as "refusing to represent their states," in the 66th Congress when "the enactment failed to pass."

"As the amendment needed but a single vote in the 66th Congress, the responsibility for its failure to pass may be laid upon any one of the four," she said. "They not only put their own states to the expense of extra sessions, but the other states as well."

Mrs. Catt called upon suffragists to rally to the support of any government who may be attacked by their political opponents for bringing the extra expense of special sessions upon their respective states.

"When a Republican governor calls a special session in order to ratify the federal suffrage amendment, he is merely atones for the inexplicable conduct of two members of his own party," Mrs. Catt said. "They—not he—are blameable for the fact that the special sessions became necessary."

"The Democratic governor who called a special session only makes honorable demands for the misrepresentation by members of his own party."

The executive committee of the suffrage association was to meet early today to vote on the plan to dissolve the organization when the federal amendment is finally ratified.

Little doubt was expressed by members of the council before the meeting that action recommending dissolution of the association and urging members to join the new League of Women Voters would be taken.

The convention was to take up consideration of the plan late today.

The executive council will work out details of the proposed solution including disposition of the property, funds and records.

**War Guilty Huns
Seek Political
Refuge in Holland**

THE HAGUE, Feb. 13.—The grand duke of Hesse and eight other Germans, named in the Allied list of war guilty, have arrived in Holland to seek political refuge, it was reported here today.

Several generals are included in the German party, it was said.

**A. A. WORSLEY
WILL SUCCEED
ATT'Y FRENCH**

TOMBSTONE, Feb. 13.—A. A. Worsley of Tucson arrived here at noon today and immediately took charge of the prosecution in the Bisbee deportation cases. Worsley declined to make a statement until he has had time to familiarize himself more thoroughly with the case. County Attorney French will leave for Los Angeles within a few days to enter a hospital where he will receive treatment for cancer.

BY M. D. TRACY
(United Press Staff Correspondent)

TOMBSTONE, Ariz., Feb. 13.—The picturesque figure of County Attorney Robert M. French will fade from the picture of the Bisbee kidnapping and deportation trials this afternoon and A. A. Worsley of Tucson will take his place as prosecutor.

Worsley, prominent Arizona lawyer, who has figured in numerous labor cases in this and other states, will arrive this afternoon. French, who has fought a bitter fight against cancer to build up this case, will leave soon for Los Angeles for an operation.

The odd figure of French, clad in a frock coat; his slow southern drawl, and his unquestioned honesty of purpose, have made him one of the interesting features of this trial, which involves the rights of hundreds of deportees and hundreds of prosperous citizens. He has been suffering great pain, but only his intimates know it.

Worsley will take active charge Monday.

Deputy sheriffs started out again in the far reaches of the county, searching for "jury bait." They are rounding up the fourth venire, containing 400 names. They will come back with strange figures who will almost blink at civilization.

The incident wherein the red flag was hoisted over the courthouse was closed when Judge Pattee adjudged Dewey Chadwick and Norman Abel guilty of contempt of court. He characterized the flag raising as a "silly, childish act of two young men not particularly endowed with common sense." He then ordered sentence deferred pending further orders of the court.

**REVERSES JACKSON
DEPORTATION ORDER**

HELENA, Mont., Feb. 13.—Federal Judge George M. Bourquin has reversed the order of the secretary of labor deporting John Jackson, assistant secretary of the Butte I. W. U. organization.

Judge Bourquin ruled that the proceedings which were conducted by the immigration commissioner were insufficient to warrant deportation.

Jackson was charged with distributing literature advocating overthrow of the government by force.

**RAIL BOND REFORM
ATTORNEY BRADY'S AIM**

SAN FRANCISCO, Feb. 13.—District Attorney Brady caused a sensation here when he announced he is working on reforms in rail bond procedure that will eliminate bond "runners."

Brady advocates abolition of "\$1,000 vags" and a reduction of bail in all misdemeanor cases. Formation of a rail bond association to be conducted by reputable citizens without profit is Brady's plan. Fees to be charged will be just enough to cover overhead expenses. In this way he intends to drive out "shyster lawyers" and "bond sharks."

**\$2,000 LOOT
FROM HUFF
STORE IN
ROBBERY
CONSIDERED
BY LEAGUE
COUNCIL****Large Number of Broken
Suits Taken by Burglars
This Morning**

REMOVING a pane of glass from a skylight without in any way breaking it, burglars early this morning broke into the W. A. Huff gent's clothing store and carried away twenty-five coats and vests, about fifty pairs of pants and nine suit cases, valued at upwards of \$2000. The clothing taken is valued at this amount but the loss to the store will be greater by reason of the fact that the burglars left pants that match the coats and took pants that will break up over suits. A \$65 overcoat and a leather overcoat, both of which had been sold, and \$20 in cash also were taken.

The number of men that were engaged on the job, of course, is problematical, but it is believed that there were no less than three, with probably a fourth, the latter probably being in charge of a machine believed to have been used in carting the plunder out of the city.

There is no clue, beyond a possible one in the description of a young man seen upstairs over the Huff store yesterday morning by Attorney John Clarkson. The young man was encountered in the hallway by Clarkson and while his actions yesterday did not arouse any suspicion on the part of Clarkson, he today connects the visit of the young man with the burglary. He is described as about twenty years of age, fine appearing and well dressed. He was smooth shaven and wore a suit of clothes of a brownish color, dark shoes and a soft hat. It is believed his visit was for the purpose of making observations as to possibility of getting into the store through the skylight.

Access to the skylight was by way of the hallway in the second story of the building. Marks in the hallway and stairway clearly indicate that the loot was carried out this way. To make sure that they would not be interrupted in their work by someone opening the back door of the hallway, which leads to a rear porch, the burglars tied the door securely with a half-inch rope, tying one end of the rope to the doorknob and either holding the other end or tying it to the railing of the porch.

Dropping from the skylight to the mezzanine floor at the rear of the store, the burglars walked to the case on the east side of the room and near the front. Here they grabbed the twenty-five coats suspended in the case on hangers and carried them to the mezzanine floor. Believing that a stack of pants in the case and under the coats and vests were the pants to match the coats, they piled these and the coats into suitcases taken from their display position over shelves.

They made no effort to take children's suits. There was no end to the booty that was available to them, and that they did not take more is attributed either to their being scared away, or to the limit of room in their machine.

It is believed that they carried the suitcases filled with loot down the stairs to a machine standing on Fourth street, either in front of the store or on the opposite side of the street.

Careful investigation this morning by Manager H. J. Lowe, Owner W. A. Huff and officers failed to disclose any marks that would tend to show that the machine was driven into the alley running from Sacramento street immediately back of the Rankin dry goods store up to the building occupied by Huff.

A child's suit that had been sold, and which was hanging in one of the racks, was carried to the mezzanine floor, but was left there.

There were a great many articles of value on this floor that were not touched. In one box there was a garment that is valued at \$100 that could easily have been taken and without particularly encumbering the thieves.

Fifty new spring suits which had just arrived and which were covered up until they could be price marked

**Elihu Root Mentioned as
One of Eleven Interna-
tional Jurists**

LONDON, Feb. 13.—The council of the League of Nations is considering appointment of eleven jurists of international reputation to compose a committee for an international court of justice, it was learned authoritatively today.

The name of Elihu Root has been mentioned as a possible selection. Root's name has been urged, it is said, regardless of whether the United States becomes a member of the league. Members believed his presence eminently desirable. It was said, and will ask his appointment even if America refuses the league—if such action is found possible. Otherwise his presence will be contingent on America's entry.

Other names mentioned included Professor Fadda, Italy; Rafael Altamira, Spain; Senor Braga, former minister of foreign affairs in Argentina, and Lord Phillimore, Great Britain.

The council, in its secret meeting yesterday, was reported to have arrived at several important decisions, including an official reaffirmation of Switzerland's neutrality, possibly creating the precedent for the American senate's reservation refusing to send American military forces abroad.

The council decided to admit Switzerland to membership in the league, recognizing the Swiss plea that their traditional neutrality must not be hampered.

The council's next meeting will be held about Easter in Rome. Official declaration of the constitution of the League of Nations will be made at that time and members of the league will be appointed.

LONDON, Feb. 13.—The council of premiers today was to take up the Turkish and Adriatic questions, considered two of the most perplexing of the problems growing out of the war.

Consideration of these questions was expected to last several days, possibly a fortnight, after which the council will adjourn to its permanent headquarters in Paris.

The premier's attitude of refusal to surrender the list of war guilty, whose surrender for trial by Allied tribunals is commanded, it was said, and decided to send a new note to Germany on this subject. The question of extradition of the former kaiser also was considered.

A conference of ministers of finance of the principal Allied nations was decided upon, it was said, to consider the international exchange and finance situation. This conference, according to some sources, will be called immediately.

No American representatives have attended the council meetings. It was learned, "because no delegates had been appointed."

American participation would have been welcomed, officials indicated. They said the council was in complete accord on all questions, indicating that differences between Premier Lloyd George and Millerand and on the question of relations with Russia and possible modification in the treaty of Versailles has been ironed out.

The council has not decided what course it will follow in making known its decisions to the United States government, it was learned. It had counted on unofficial American representation, but Ambassador Davis' refusal to attend without instructions from the state department in Washington prevented carrying out of this plan.

The council of premiers will continue its discussions on Holland's refusal to grant the Allied request for extradition of the former kaiser at today's session. Premier Millerand declared in an interview.

"We discussed the reply to the German note of January 25 (in which Germany pleaded she could not deliver the Allied list of war guilty) yesterday," Millerand said, adding that the Allied reply to the German note would be put in definite shape today and handed to the German government as soon as possible.

**First Woman
Wounded in
War Is Here**Miss Margaret Saunders,
British Nurse, Guest in
Nation's Capital

WASHINGTON, Feb. 13.—The first English-speaking woman who was wounded in the World War is now in Washington. She is Miss Margaret Bell Saunders, British army nurse, who is a guest at the home of the Rt. Rev. Alfred Harding, Bishop of Washington. Her dog, who shared her war experiences, is with her.

**PHONE MEN TO
STRIKE UNLESS
WAGES RAISED**

SAN FRANCISCO, Feb. 13.—Unless the Pacific Telephone and Telegraph company meets the wage increase demands by tomorrow morning, 2,000 of its electrical workers in California, Oregon, Nevada, Washington and Idaho will go on strike.

"The telephone company has refused to meet any part of the demands and nothing remains but to strike," announced T. C. Vickers, member of the executive board of the International Brotherhood of Electrical Workers.

R. E. Swain, secretary of the Pacific district of the brotherhood, said the strike has been sent out and automatically will go into effect unless the company meets the demands of \$1 a day increase before tomorrow morning.

No definite action has been taken regarding the operators' demands but it is understood a sympathetic strike will be ordered unless the company agrees to recognize their union and grant their demands of a minimum wage of \$2 for beginners and \$4 for girls of more than three years' experience.

**NAVAL BASE SITE IS
OFFERED BY ALAMEDA**

WASHINGTON, Feb. 13.—A large tract of land was offered free to the navy department today by the city of Alameda, Calif., for the establishment of a naval base. The offer was made to Secretary Daniels by a delegation headed by Mayor Frank Otis. Daniels told the delegation he did not have authority to accept the land, but would ask congress for permission to establish a great naval base in San Francisco Bay. He said such a naval base is now necessary because of the Pacific fleet. The Helm board has favored Alameda for the base, Daniels said, but a decision on the site will be made later. The tract offered by Alameda comprises 5,340 acres.

**40 PCT. PAY
INCREASE
REFUSED
UNIONS****President Makes Proposi-
tion, May Lead to Further
Negotiations****EXECUTIVE APPEARED
HEALTHY AT MEETING****Representatives of Steam
Road Workers Decline to
Make Statement**

WASHINGTON, Feb. 13.—President Wilson today handed representatives of two million railroad workers his decision on their wage demands and at the same time submitted them a proposition which is expected to lead to further negotiations, it was authoritatively stated at the White House.

It was understood that the President refused demands for immediate wage increases of approximately forty per cent.

What constituted the counter proposition was not disclosed by White House officials.

Immediately after seeing Wilson the railroad men's committee, consisting of Timothy Shea, head of the firemen; E. J. Manion, head of the railroad telegraphers and D. N. Jewell, head of the American Federation of Labor railway department, met other railroad representatives at a hotel.

This meeting lasted only a few minutes and the union men then went to the A. F. of L. headquarters for a further conference.

"We shall give our careful consideration to the President's statement and advise him of our position later, probably by letter," said President Timothy Shea of the Brotherhood of Locomotive Firemen and Enginemen, a member of the committee.

The union leaders refused to say whether the president had granted the increase they asked. There are indications, however, that president refused to grant their complete demands for a horizontal increase of approximately forty per cent for two million railroad employees.

Leaving the White House, the committee went directly to a hotel to report to the group of 14 union labor representatives who have been conducting negotiations with Rail Director Hines.

The committee was with the president scarcely 15 minutes. He received the men on the south portico of the White House. The union representatives tomorrow probably will make public a statement of the situation as they see it, Shea said.

"I believe we will forward a communication of some kind to the president today," said Shea.

"President Wilson gave no indications, as far as appearance was concerned of a man who has been ill for months," said Shea. "His features were decided, his enunciation absolutely clear and he frequently smiled."

Wilson shook hands with the committee members before and after the brief conference. They said his grip was firm.

Shea, who conferred with Wilson, when a strike in 1917 was threatened said the president looked much the same today, as he did then. His face is full, his color healthy and his eyes clear, said Shea.

**STEPHENS NEVER WAS
A SELLER OF LIQUOR**

SACRAMENTO, Feb. 13.—Governor Stephens never was a whiskey drummer. The governor issued a warm statement to that effect today.

"Any statement made by Theodore A. Bell or anyone else to the effect that I was once a whiskey drummer or whiskey salesman is a lie. Never have I sold liquor to anyone."

Bell, who is attorney for the wine men of the state, and Governor Stephens are engaged in an exchange of statements on the general subject of liquor.

A WET CONGRESS GOAL OF SOME CANDIDATES

WASHINGTON, Feb. 13.—Prohibition may be in the Constitution, but there is to be no rest for the agitation against it. The sentiment of the country for or against its practical application is to be fully tested.
Representative Vane of Pennsylvania has announced that he is a candidate for re-election to congress on a 5 per cent beer platform. A plank in his platform pledges him to support an amendment to the Volstead act to allow sale of 5 per cent beer.
It is expected that a large number of candidates for office will come into the field promising that if elected they will work to amend the law so that light wines and beer will be legal. This can be brought about by simply changing the law, which now bars beverages containing one-half of one per cent alcohol. It would not be necessary to alter the constitutional amendment, which decrees prohibition but fails to specify what constitutes intoxicating liquors.

News Nuggets
From Northern Orange County

Halma Smith is spending the week at the home of his son, H. B. Smith, north of Garden Grove. Mr. Smith is a violinist of considerable note and possesses a violin 250 years old. Although he is now 86 years of age he still enjoys playing the violin. He visited California fifty years ago when there were but two houses in Santa Ana, and of course sees great changes in this section. Mr. Smith is from Provo, Utah, and will remain during the winter.
Members of the Long Beach Auxiliary of the American Legion will wear identification pins similar to those worn by Legion men, a special committee having been appointed to secure these tokens. This action was taken at a regular meeting on Tuesday night.

Fifteen U. S. under sea boats will be stationed at the submarine base at San Pedro with the arrival of the H-1 and H-2 on their way from New London, Conn. This is in addition to the German submarine U. B. 88 now there. The two submarines and Eagle chaser 11 are expected to arrive by March 1.

If there is anyone in Placentia who has a teachers' certificate and would be willing to put in a little time occasionally as substitute teacher in the local school, Prof. Riddlebarger would be glad to have his or her name and address, says the Placentia Courier. During the past few days a substitute has been needed and none was to be had. Teachers are very scarce everywhere.

"Thrill" from several standpoints will be discussed on Friday afternoon at the meeting of the domestic science section of the Anaheim Ebell. Mrs. J. L. Van der Veer, chairman of "Thrill" department of the Fourth District Congress of Mothers and Parent-Teacher Association, will give an outline of that subject along the lines of domestic science. Mrs. Henry Adams will discuss "What Thrill Is;" Mrs. J. Lloyd Moore will discuss "Thrill—Do We Practice It?" and Mrs. Mary McQuilkin, head of the domestic science department of the Anaheim Union High School, will give a talk on some vital phase of the subject.

An unnamed Pasadena man has offered to give \$25,000 for the holding of the greatest aviation meet ever brought off in America. The condition is that it shall be held in Pasadena and Los Angeles, next May. The name of this generous friend of aviation will be announced soon.

A library has been established in Placentia, through the efforts of the Women's Round Table club of that town. Mrs. Frank Dowling, Mrs. Robinson and Mrs. Arthur Staley are the directors, and Miss Sarah Rideout is librarian.

H. T. Rasmussen, state organizer of the Oriental Exclusion League, says that local organizations of that association are being made all over the state.

George McPhee, county sealer of weights and measures, tells the Anaheim Gazette that he has found potatoes offered for sale in sacks that contained from 5 to 25 per cent dirt. He considers this is an indefensible burden to add to the high cost of living.

Mr. and Mrs. Wm. Hauser of Anaheim are very happy these days, a little baby girl having arrived to bless and brighten their home.

Mr. and Mrs. Frank Morse of Fullerton were dinner guests at Long Beach on a recent date at the home of Mr. and Mrs. L. G. Stone, the occasion being the birthday of

IN OLD KENTUCKY, AT YOST, SUN., MON., TUES.
In Old Kentucky
ANITA STEWART

"In Old Kentucky" an adaptation of the stage success of the same name, will be presented at this theatre in the near future. It is a Marshall Neilan production and offers Anita Stewart a splendid chance to express her charm and talent. It is a picture of drama and romance. Thrill follows thrill in rapid succession and these are punctuated with scenes of heart interest and pathos and sentiment. A spectacular picture—the biggest picture in which the beautiful star has ever appeared.

You will see a great horse race, a wonderful fox chase, a feud between mountaineers, a battle between moonshiners and revenue officers, a leap of a chasm by a girl on horseback and other thrilling scenes. The atmosphere is rich in its suggestion of the Blue Grass region and the hills. The entire picture moves forward with situations of fast-moving action. Miss Stewart is supported by a capable cast that includes such favorite players as Mahlon Hamilton and Edward Coxen. Don't miss this picture. It is a rare treat.

both Mrs. Morse and Mr. Stone, Mr. and Mrs. Marshall Stone were also present. The day was made doubly pleasant for Mrs. Morse, as she was presented with a new home by her husband, a beautiful residence at 616 North Spadra avenue, Fullerton.

The Republicans of Anaheim are called to meet at the Board of Trade rooms in that city on Wednesday, February 18, at 8 o'clock, the purpose being to organize a club.

J. R. Gallemore of the News at Fullerton has recovered from his late illness and is again back at work. He lost 23 pounds in flesh.

The Union high school trustees of Fullerton have invited all grammar school trustees of the high school district to meet with them at the high school Friday night for the discussion of school matters in general. There will be a banquet and social time.

John Soules has decided to enter the ministry and will leave shortly from his home in Olinha, for Perris where he will be pastor of the Methodist church. Mr. Soules only expects to stay in Perris until conference in October when he will go to the University in Los Angeles.

Homer Calkins, residing at the corner of Broadway and Lemon streets, Anaheim, who fell from a ladder at his home one week ago, died of his injuries Monday night. One hip was fractured and he also received internal injuries, which, coupled with the fact that he was past 80 years of age, resulted in his death.

Mayor and Mrs. J. J. Dwyer of Anaheim arrived home from their trip down the Pacific coast and through the Panama canal. They stopped at all of the principal coast towns in Central America and had intended to go on to Havana, Cuba, but when well on the way to Havana their ship got word by wireless to cut out Havana on account of epidemics there and they landed at New Orleans.

AMUSEMENTS

AT YOST'S THEATRE
The progress of banditry from the time when Indians held up the western pony express in 1860 down to present days never was so well shown as in "The Lincoln Highwayman," the new William Fox feature taken from the great success by Paul Dicky, in which William Russell will be seen as star tomorrow at the Yost Theatre.

After an Indian attack on the pony express, the second episode of this thrilling feature shows a lone highwayman robbing an old stagecoach.

The third episode shows the Jesse James method of holding up a train. The action then shows the bandit of the present day, who holds up automobiles on the Lincoln Highway and relieves the passengers of their valuables.

But a pseudo-bandit in this case has a sympathetic reason for his actions and Jimmy Clunder, as the character is named, is finally vindicated after many stirring incidents.

Here's to your health! Fine tea brings you enjoyment, cheer, and comfort. But be sure it's fine tea. Steer clear of common tea which has so much tannin in it—tannin you know is bad for both stomach and nerves.

Schilling Tea is the fine practical tea for the economical American family.

There are four flavors of Schilling Tea—Japan, Ceylon-India, Oolong, English Breakfast. All one quality. In parchment-lined moisture-proof packages. At grocers everywhere.
A Schilling & Co San Francisco

OLD FAVORITES BRING FUN TO YOST-GOERS

A crowded house greeted those old favorites, Kolb and Dill, at Yost Theatre last night, and laughed more heartily than ever at their doings on the stage.

"Wet and Dry," in which Kolb and Dill and an excellent supporting company appear, has not the slapstick characteristics of the early Kolb and Dill performances. It depends on cleverness and brightness to put it over, and it succeeds in its purpose admirably.

Politics and booze and a couple of love romances travel along through the play, which is aptly described on the program as "a play with a kick and plenty of music on the side."

The singing was good. The chorus is Miss Julia Blanc's singing and her vivacity in general were especially pleasing. It would be hard to make a choice for beauty and attractiveness between her and Miss May Cloy, who also is a leading lady, one a brunette and the other a blonde.

The chorus is costumed in silk and satins, and does not between appearances shed its attire for abbreviated dress measured from the floor up. It's a musical show without a display of but little above the ankle.

Three very pleasing solos are sung at the opening of the second act. One by Miss Genevieve Van Slyck, whose soprano is clear and sweet, the second is a clever Irish song by Miss Patsy Allen and the third is by Miss Anita Sullivan, who is blessed with a beautiful and well trained voice. The jazz orchestra added much to the general satisfaction of the affair.

But it is wit and the cleverness of the situations of the play that make it what it is. Repartee holds sway. It wouldn't be a Kolb and Dill show without repartee and plenty of it.

The show is at Yost's again tonight.

300 SHIPS OF WAR FOR PACIFIC COAST

LOS ANGELES, Feb. 13.—Late next summer, when the naval games will be held on the Pacific Coast, nearly 300 ships of war will participate, according to the plans outlined by Rear Admiral Hugh Rodman, commanding the Pacific Fleet. The superdreadnought, Tennessee, will join the fleet this spring. So will the superdreadnought California, now building at San Francisco. As fast as ships of war now building or being repaired are placed in commission they are being sent to join the great armada of the Pacific, it was stated.

The Pacific Fleet will resume target practice at sea February 18th to 21st.

FIX MINIMUM SALARY
SACRAMENTO, Feb. 13.—A minimum salary of \$1800 for rectors of the Protestant Episcopal church in the Sacramento diocese was voted at the tenth annual convention in session here.

Spencer Corset, 801 Spurgeon St.

REAL FIGHTS OUT TOMBSTONE WAY

TOMBSTONE, Ariz., Feb. 13.—California may have its four-round boxing shows, but if anyone cares to see a fight, let him buy a ticket to Tombstone, Arizona.

There he will see fighting as it was in the days of old—when fights were real fights and never footraces and when pa, ma and the kids all had ringside seats.

For fights in Tombstone are not "men only" affairs. They belong to the women, too.

Promoter French of Bisbee presented to Tombstone last week its first fight card since the old "boom days" which one hears mentioned here on every corner.

The movie show opened early and the fights started in the hall across the street as soon as the villain had poisoned the last member of the heroine's family.

Around the ring was gathered most of Tombstone and vicinity. Occupying a ringside seat was a babe of not more than three years, who clapped gleeful hands as Kid Cody of Los Angeles guarded his eyes nobly from Young Lincoln's terrific punches, by interposing his nose.

"I see where I'm stuck for a pair of boxing gloves," laughed Superior Judge A. C. Lockwood as his five-year-old son argued with his father just what portion of some fighter's anatomy had been rocked by the latest blow.

The wives were there, too. And also the sweethearts—yep, everybody.

"Women are going to be called on this fall to vote on whether we shall have fights or not," one man explained. "And if they are going to vote, they better see the fights to know whether they like them."

Judging from the way feminine eyes sparkled, prize fights are going to stay in Arizona.

P. S.—A jazz band played between the bouts and smoking was not allowed.

(Advertisement.)

KIDDEE'S CROUP MUST BE CHECKED

Dr. King's New Discovery will do that very thing, easy and quickly

DON'T say, "Poor little youngster—I wish I knew what to do for you!" Just give a little Dr. King's New Discovery as directed and the croupy-cough won't linger.

A cold is not to be fooled with. Get after it at once. Loosen the congestion, the phlegm-stuffiness, and the throat-torture.

A family remedy for colds, coughs, grippe, and kindred attacks. Fifty years a friend to cold-sufferers. Fifty years of highest quality. 60c. and \$1.20 a bottle—all druggists.

Bowels on Schedule Time

—the bile flowing freely, the fermenting body poisons eliminated. Dr. King's New Life Pills make the bowels function regularly and keep the system cleansed of gaseous impurities. 25c. a bottle, all druggists.

Smell the rich aroma of ORANGE BLOSSOM COFFEE - it's always fresh.

Because it is delivered to you very soon after being roasted and ground, in air-tight packages, this coffee isn't equal to ANY other brand selling 10c per pound higher, return the remaining contents and your money will be refunded.

ASK YOUR GROCER

At the first sign of skin trouble apply Resinol

It improves a poor complexion and preserves a good one, so that you need no artificial means to enhance your attractiveness.

At the first sign of skin irritation, of blotch or a pimple, itching or burning, apply Resinol Ointment, and see if it doesn't bring prompt relief. It contains harmless, soothing balsams, and is so nearly flesh colored that it may be used on exposed surfaces without attracting undue attention. Your dealer sells it.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It.

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief after taking them.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil. They act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood, and purifying the entire system. They do that which calomel does, without any of the bad after effects. Take one or two every night for a week and note the pleasing effect. 10c and 25c a box.

We always have those famous Southern Cakes. Fresh every day at the Dragon.

\$2,000 LOOT IN ROBBERY AT HUFF'S

(Continued from page one)

and placed on the counters for the spring trade, were not molested. These suits were complete and would have been of a great deal more value than the loot taken. It is the custom to leave \$20 in change in the cash register, and to leave the machine open at night. The burglars secured this money, stuck away in a sack. The register is left open for just such an incident as that of this morning. It is cheaper to lose what little money is left over at night than to take a chance on a burglar wrecking the equipment to find out if there is money in it.

The fact that the burglars took mixed suits indicates that they were not men experienced in the clothing lines. The character of the loot, it is believed, will lead to the detection of the men sooner or later. Officers throughout Southern California have been notified and close tabs will be kept at points where there is likelihood of attempts being made to dispose of the clothing.

VESTA TILLEY'S HUBBY GOES TO PARLIAMENT

ASHTON-UNDER-LYRE, Eng., Feb. 13.—Sir Walter De France, millionaire theatrical impresario, has been elected member of parliament from the Ashton-Under-Lyre district, it was announced today. Polling in the bye-election took place January 31.

The vote, which was announced officially today, was:

Sir Walter De France, Coalition-unionist, 8,864.
W. C. Robinson, laborite, 8,127.
Sir Arthur Marshall, liberal, 3,511.

Interest in the election throughout England was intense because of the efforts of Lady "Vesta Tilley" to get her husband, the impresario, elected. De France is popularly known as "Vesta Tilley's husband."

His wife—the most popular male impersonator London has known in decades, took a prominent part in his campaign. Her "Piccadilly Johnnie with the little glass eye" and other popular songs, it was admitted played a far greater part in the election than her husband's political views, although he ran on a platform supporting the government and had powerful opposition from labor. The theatrical profession bent heavily on "Vesta Tilley's husband."

WIFE SEARCHES GRIPPE STRIKES FOR HUSBAND EX-MAYOR

Hot on the trail of an elusive husband, who for eleven years was mayor of Raymond, Wash., Mrs. A. C. Little, of Tacoma, Wash., arrived in Santa Ana this morning too late to find the man for whom she has been searching since last October.

Mrs. Little believes that her husband's mind is a bit unbalanced, and it is for the purpose of finding him, cheering him up and getting him upon his feet again that she seeks him.

Yesterday he was at work as a carpenter, helping in remodeling a store front on Sycamore street, and was seen there and talked to by an old neighbor. This neighbor telephoned to Mrs. Little in Los Angeles. She learned that the man took his tools away with him on quitting work yesterday and has not returned.

"My husband was a man of consequence and influence in Washington," said Mrs. Little. "He founded the town of Raymond, and was afterward its mayor for eleven years. At one time he was state fish commissioner. He was prominent in two of the best known secret orders.

About two years ago we moved to Tacoma.

"My husband met with some severe financial losses, and he became despondent, and acted queerly. Suddenly last October, he disappeared. I instituted a search for him, and offered a reward of \$150 for information that would take me to him. That offer still stands.

About three weeks ago I got a letter from him, a beautiful letter, describing places he had seen. It was written from Hollywood. I took the train for Hollywood and went to the address he gave. He was gone. He went there by the name of A. C. Alexander. I had his picture printed in a Los Angeles paper, and have been on the lookout for him every minute.

"Last night this old friend of ours who now lives in Santa Ana telephoned to me that my husband was here. This friend had recognized him as he was at work on a store front. He had his mustache shaved off. The foreman on the building told me that my husband applied for a job a few days ago, and was about the foreman by the name of Martin. The foreman did not know where he lived. After our old friend stopped to talk yesterday my husband appeared to be nervous, and he told the foreman that he was going to quit, and he took his tools and left early.

"I am tired and worn out, and I can't keep up the search much longer. I am going to have to turn the whole thing over to the police, I guess, though I haven't wanted to do that. I feel that if I could just get hold of my husband I could make him see that things are going to come out all right, for I have money enough now to straighten out all his financial troubles. My husband is a man 64 years old, but he looks only about 50. He weighs around 215 and is about six feet tall.

"Anyone who locates him for me in Santa Ana may telephone me at the Angelo Apartments, 563 South Fremont street, Los Angeles, and I will pay the reward if I reach him."

BOLD TIRE THEFT IS UNDER PROBE

Dispatched to an oil station north of Anaheim by Sheriff C. E. Jackson today, following the receipt of a report that a robbery had occurred, County Motor Officer Roy Ballard today made an investigation, and found that five automobile tires and five inner tubes, valued at approximately \$200, and \$7.50 in cash had been stolen.

The oil station, which is located at the corner of North Lemon street and the state highway, Anaheim, is owned by Sumner & Hazlett.

The two men sleep in a building fifty feet in the rear of the oil station itself. They heard no noise during the night indicating that a robbery was being committed, according to their statement to Officer Ballard.

The articles taken were described as follows: Three Savage tires, 30 by 3 1/2, rib type; two Savage tires, 30 by 3, plain type; five Savage graphonite inner tubes, 30 by 3 1/2.

PAIR BRAVE FRIDAY 13TH, GET LICENSE

Fridays are slow days at the marriage license bureau of J. M. (Cupid) Backs, county clerk. But when the combination of Friday, the Thirteenth occurs, business is more backward than ever. Today, however, a couple, for whom the so-called unlucky combination has no terrors, applied for and were granted a license. They were Merritt Brock Webster, 21, of Los Angeles and Natalie Estelle Lint, 18, of Swansea, Arizona. They appeared anxious that the Los Angeles papers be not appraised of the fact that they secured a license, and left the county clerk's office in search of Rev. F. T. Porter, pastor of the First Christian church.

RE-TRIAL ASKED IN CANDY STORE RACKET

Attorneys Eden and Koepsel of this city, on behalf of W. T. Alling and Grover Keakins, today filed a notice in superior court stating that they intend to make a motion for a new trial in an action decided recently by Superior Judge Williams in favor of Rosalie Hart Lundeberg, who brought suit to oust the defendants from the Cherry Blossom confectionery property at Anaheim. New evidence was declared to have been discovered, since the trial of the action. Another ground set up was that the decision was against law. Judge Williams in findings dated January 29, 1920, gave the plaintiff judgment of \$375, an amount claimed to have

GRIPPE STRIKES STUDENTS AND TEACHERS

With 138 pupils and five teachers out today at the high school as the result of sickness due to colds or grippe, the school is more or less crippled, particularly with reference to teachers. It is impossible, it is said, to secure substitutes which accentuates the shortage of competent teachers obtaining in this city at this time.

Assemblies have been discontinued because it is impossible to heat the "barn" which is now used as an assembly hall. There is no means for heating the building.

Absentees at the high school the past few days have averaged about 100 daily. There is no probability of the epidemic of colds that seems to prevail here at this time, it is understood. There also are many pupils of the grade schools absenting themselves these days and experience in the flu epidemic of a year ago demonstrated that in those communities where school sessions were continued the disease raged with no greater severity than it did in those communities where schools were suspended.

Children will "flock together" out of school just as much in school and if a contagious disease is epidemic, in the opinion of many, it will spread just as fast with school closed as it will with them open.

No Genuine Flu. No genuine flu cases have been reported to the Health officer, according to Deputy Health Officer Chandler today. There are many cases of colds or grippe. Some physicians are reporting them and others are not. They are not reportable cases, but it does no harm to report them.

"Colds and grippe are what are raging here, if it can be called a raging epidemic at this time," said Chandler.

"There are cases which develop a run of fever for two or three days, with the patients back at work within a week after first coming down. There is no weakness and aches such as follow the 'Spanish flu.'"

"The general public has learned the secret of combating this ailment. They keep their homes and go to bed at the outset, instead of keeping at work and trying to wear out a cold or grippe, as the case might be."

"Many that are sick call a physician at once or call at the office of their family physician, get a prescription and go home and treat themselves. In such instances, of course, the attending physician is not in a position to report the cases for he does not know definitely what they are."

"There is very little pneumonia in the city and the situation is good, with no indications of an epidemic of a fatal malady."

BUCK PASSED IN FIGHT ON TREATY

WASHINGTON, Feb. 13.—"It's up to you," said Senator Lodge to Senator Hitchcock, and "it's up to you," Senator Hitchcock replied to Senator Lodge.

Thus opposing leaders in the treaty fight today were passing to the other side the responsibility for ratification, or failure of the treaty when it comes up in the open senate next Monday.

Hitchcock said he's going to let Lodge do all the leading, but gave no assurances that Democrats will follow. Lodge said he and 28 other Republicans are ready with a program, including a reservation on Article X and if the Democrats will provide some votes the treaty can be ratified.

Lodge seemed settled that the compromise reservation on Article X submitted by mild reservationists to Lodge and the Democrats will not be the basis of an agreement. Six of Lodge's 35 supporters will not vote for it.

Thirty-five Democratic votes would be required to put it through and they are not to be had.

DOUBLE BEAUTY OF YOUR HAIR

"Danderine" creates mass of thick, gleamy waves

In a few moments you can transform your plain, dull, flat hair. You can have it abundant, soft, glossy and full of life. Just get at any drug or toilet counter a small bottle of "Danderine" for a few cents. Then moisten a soft cloth with the "Danderine" and draw this through your hair, taking one small strand at a time. Instantly, yes, immediately, you have doubled the beauty of your hair. It will be a mass, so soft, lustrous and so easy to do up. All dust, dirt and excessive oil is removed.

Let Danderine put more life, color, vigor, and brightness in your hair. This stimulating tonic will freshen your scalp, check dandruff and falling hair and help your hair to grow long, thick, strong and

ORANGE SHOW IS OPENED THIS EVENING

SAN BERNARDINO, Feb. 13.—The Tenth National Orange Show will be formally opened at Beautiful Urota Springs Park tonight, an exposition that is more comprehensive; more wonderful, more beautiful than any of its predecessors, and by far more extensive, covering practically four acres in extent. The exposition will be open day and night for ten days, during which time one hundred and fifty thousand visitors are expected.

John Stevens McGroarty will deliver the principal address tonight at the opening ceremonies. President Ralph E. Swing will press the button which will set the exposition in motion. Fire-works, music and song will have part in the opening.

The setting for the Tenth National Orange Show is perfect. The great show of the orange reposes amidst a grove of magnificent trees with a beautiful lake, flowers and plant life giving an unsurpassed effect.

The feature displays are magnificent. The rack display of fruit is the greatest in the history of the orange show. Practically all communities have entered fruit in competition. The industrial and automobile sections contain more displays than ever before. Tomorrow, Canadian Day, will be one of the big days of the exposition.

PHILLIPS IS CHOICE, MINISTER TO HOLLAND

WASHINGTON, Feb. 13.—William Phillips, assistant secretary of state, is the President's choice as minister to The Netherlands, it was authoritatively stated today.

Phillips' name was sent to the state department several days ago for submission to the Dutch government, it was learned.

CROWDED HOUSE AT "BLIND HUSBANDS" LAST NIGHT

"Blind Husbands," an unusually daring photodrama without the objection that generally attaches itself to a courageous theme, opened last night at the Temple Theatre, playing to a crowded house.

It is briefly the story of a neglected wife who almost overstepped the border of discretion to satisfy her heart longing for affection.

Valentines! Half off. Two for the price of one. Sumner Shop.

U. S. STEAMER ASKS AID IMMEDIATELY

NEW YORK, Feb. 13.—A wireless message was sent broadcast to all westbound vessels of the United States shipping board today instructing them to maintain a close watch for the shipping board steamship Avondale, reported drifting yesterday with her engines disabled about 170 miles southeast of Nantucket light.

The United States naval radio station here has received a wireless communication from the Avondale, asking immediate aid.

Wireless calls for assistance were received today from the United States shipping board 9,000 ton steamship, William Henry Webb, on her maiden voyage from Philadelphia to New York.

FALLS TO DEATH AS PARACHUTE FAILS HER

SAN FRANCISCO, Feb. 13.—While a movie camera in another airplane clicked, Mrs. Ethel Broadwick, 30, plunged 2,900 feet to her death.

Mrs. Broadwick, airplane "stunt" woman, was demonstrating a parachute patented by her husband. The contraption failed to open. Charles Broadwick, her husband, stood on the Marina watching her. As the young woman dropped, she was seen to struggle with the apparatus. She landed on her feet. Her body was crushed.

SEND A VALENTINE

Send a valentine, and feel youth
and love creep back into the heart
as the breath of spring creeps back
into the wintry world.

There is one man who is poor,
who always has been poor and al-
ways will be, because he lacks the
money-making touch; but every
Valentine's Day he sends a bunch
of violets to his wife, and takes her
out to luncheon. If times are un-
usually bad it is a little bunch of
California violets and lunch at the
self-serve. If times are easy, it is a
smashing big bunch of English
violets and the nicest cafe in town.
And somehow all the privations and
disappointments and envies have
never been able to drive love out of
that household. He may be nearly
smothered under bills, but he waits
his time, and about February 14 out
he crawls, plumes his wings and
once more makes life worth all it
costs.

If you don't want to send a senti-
mental valentine, send a funny one.
Not one of the old horrors which
made capital out of misfortune, but
one of those laugh-provoking things
with which the counters abound.
There is something about choosing
and sending these bits of foolish
paper which contains a deep
psychology. Try it!

ORDINARY VIRTUES

A national organization of insur-
ance men is taking up the work of
Americanization, and what is no
less important, of strong American-
ism. Believing that it is not only
the alien who needs attention, but
also that every native American
should exercise a positive influence
in the great work of establishing law
and order, this organization issues
frequent appeals to its membership
and to all members of the insurance
fraternity. One of the most recent
appeared on the cover of an insur-
ance magazine, but is worthy of a
greater publicity. It is headed,
"Just Ordinary Virtues":

What the world needs today is
Honesty, Industry and Thrift;
An honest dollar's goods at a fair
profit;

An honest day's work for fair pay;
Thrift without penury—no need-
less waste.

These are the good old-fashioned
virtues possessed by our fore-
fathers.

In addition the world needs a uni-
versal and overwhelming sentiment
against those who won't work.

May all insurance men take pride
in supporting with earnest and loyal
patriotism the principles upon which
this nation was founded, fervently
and forever denying that equality of
opportunity means destruction of in-
dividual opportunity or that liberty
means lawlessness.

"God grant liberty only to those
who love it and are always ready to
guard and defend it."

BACON FOR VOTES

"Bringing home the bacon" has a
new significance in at least one part
of the world. It is charged by the
Germans that the Danes are using
"gifts" of bacon, sausage, butter and
even clothing to secure votes in the
Schleswig plebiscite.

The province, which before the
war was under the German govern-
ment, but in an earlier day was a
part of Denmark, is, by provision of
the peace treaty, to decide for itself
to which nation it will adhere. That
the campaign is being waged in
earnest may be assumed from the
nature of the German accusation
against the Danes.

It isn't likely that the outside
world will have much sympathy
with the German cry; it is but hu-
man nature to believe that the Teu-
tons would have given bacon, butter,
or eggs, or even sugar, for votes, but
for the very adequate reason that
they haven't got those commodities.

And if conditions in Schleswig are
as bad as they are portrayed in the
rest of Europe, it would be a stout
and unyielding conscience that
would balk at acceptance of a side
of bacon for a vote in these days.
The German in Schleswig who
brings home the bacon today is
likely to be more of a hero to his
family than a villain in the eyes of
his compatriots.

EXPERIMENT IN KANSAS

"Ever something new comes out
of Africa," said the old Romans.
Say Kansas for Africa, and it is the
same today.

The country is looking with curi-
ous interest to a possible conflict
of the state power of Kansas and
the labor unions. The legislature of

that state recently made a law look-
ing to the prevention of strikes. A
combination of persons going on
strike was, under certain conditions,
declared to be unlawful, and a se-
vere penalty was laid upon all who
should be found guilty of violating
this law.

Should the threatened strike of
railroad workers take place, the
union men in Kansas must join
with the others. To sustain the dig-
nity of the state, it will be neces-
sary for state officials to enforce
the new law. When issue is joined,
the whole country will watch the
contest with the most consuming
interest. If the state law shall be
upheld by the courts and enforced
by the officers, Kansas will score
an epoch-making victory in the
annals of the state.

A MODERN "RIP"

From Santa Barbara comes a
story with a Rip Van Winkle flavor.
George Martin has just returned to
his home in Santa Maria, and re-
lates an experience that in many
respects runs along the lines of the
ancient Rip's history.

Martin tells that he was going
along in his car, when he met a
number of men who offered him a
drink. Like the bibulous Rip, he
quaffed, and he remembered no
more until he came to in the far
haunts of moonshiners in the
mountains. He was held by them
for two months, and then he lost
consciousness a second time, and
woke up in Kansas City. He doesn't
know how he got there. Then he
wired home for money to return on,
and lost no time in hastening to
the land of sunshine, for Kansas
City was cold and inhospitable.

Here the parallel with Rip's car-
eer comes to an end. Twentieth
century skepticism calls for some-
thing more substantial than the
easy credulity of the past. Officials
of the county are investigating the
affair, to find out if the story is true,
and if so, to learn who were the
mysterious men whose liquor had so
paralyzing an effect on Mr. Martin's
sensibility.

Lincoln's birthday might deserv-
edly be called Thrift Day, for Lin-
coln taught and practiced sac-
red, well-calculated thrift. Bear in mind,
that thrift is more than saving
money. It includes the proper use of
money. Money should work, as well
as men and women and boys and
girls. And, while we are thinking
about it, the money that is earned
in Santa Ana ought to be spent in
Santa Ana. Make money, save some
of it, supply your needs from home
dealers, and make the surplus earn
more. That is true thrift.

Frederick William Hohenzollern
esteems himself not lightly, when
he offers to take the place of Hin-
denburg, Ludendorff, and about 800
others of the more important of his
fellow-countrymen.

The truly fortunate individual is
the citizen of the freezing East who
basks in Santa Ana sunshine and
reads of the horrors of winter back
home.

Some Object Lessons

The need of a national budget sys-
tem grows constantly more clear as
the financial situation of the country
is unfolded. An official estimate has
just been made of the amount of
money that will be required to run
the government for the next fiscal
year. This is placed at over five bil-
lion dollars, and even then this
amount does not include anything for
the railroad administration, and it is
certain that financial assistance will
be required along this line. Nor does
it include any new venture that may
be undertaken, nor any new neces-
sity that may arise. Without the
consideration at all of these things,
the amount required will be the
equivalent of a tax of forty-seven dol-
lars upon each and every person in
the United States.

Chairman Good of the Appropria-
tions Committee of the House, does
well at this time to point out how
vital is the need for a system of ap-
propriating Government funds that
will be based on sound judgment and
clear perspective. He points out that
at the very moment when the Secre-
tary of Labor asks for fourteen mil-
lion dollars to establish employment
agencies throughout the country to
help the unemployed to find work, he
indorses a plan to bring one hundred
thousand laborers into the country
from Porto Rico and Mexico to re-
lieve a labor shortage. Both propo-
sitions cannot be right, for they are
diametrically opposed. Yet they
come to Congress from the same
source and are urged by the head
of one of the great departments of
the government.

On the very day that the Attorney
General starts a crusade against buy-
ing anything except the actual neces-
saries of immediate need, the Secre-
tary of Agriculture urges the State
Highway Commissions to buy and
store for future use all kinds of ma-
terials and machinery for road con-
struction. The Treasury Department
urges Congress to accept a generous
donation of several thousand acres
of land from the citizens of a South-
ern city for the building of a hospi-
tal. Then, when Congress makes the
desired appropriation, the depart-
ment gives a contract for building
the hospital to some of the generous-
minded people who gave the land,
and at double the amount which it
had been estimated the work would
cost. These are typical instances of
how the matter of appropriations can
not be left to the judgment of De-
partment recommendations and gov-
ernment officials.

"Red Radicalism"

The Register has received from U. S. Attorney-General A. Mitchell
Palmer a request to present to its readers "the facts concerning the purpose,
history and character of the Red Radical movement, not by hearsay, but
under the authoritative sanction of its own progenitors."

The exhibits submitted are, of course, too voluminous for presentation
in the columns of this newspaper, but the gist of them may be given.

Exhibit No. 1, is the report of
Louis C. Fraina, International
Secretary of the Communist Party
of America, describing fully
its antecedents, birth and pro-
jects, and follows the form of an
application of the Communist
Party of America to be accepted
in the Bureau of the Communist
International as a "major party."

Exhibit No. 2, is the manifesto
of the Third Communist Interna-
tional adopted at Moscow, March
2-6, 1919, and signed by Com-
rades C. Rakovsky, N. Lenin,
M. Zinoviev, L. Trotsky and
Fritz Platten. It is an exhaust-
ive statement of the rationale,
principles and program of Rus-
sian Bolshevism and its ambi-
tion for world-wide dominion.

Exhibit No. 3 is the respon-
sive and co-operating Manifesto,
Constitution and Program of the
Communist Party of America.

Exhibit No. 4 represents the
form of application for member-
ship in this party, containing
the pledge to active enlistment
in its seditious work.

Exhibit No. 5 gives the Novo-
miski Manifesto of the An-
archists-Communists organized
in the Federation of Unions of
Russian Workers of the United
States and Canada, similar in
purpose to the manifestoes of
previously numbered exhibits
and containing particularly the
declaration, "We are atheists;
we are communists; we are an-
archists. You all have one task
—to destroy the world of gain
and create a world of freedom;
for all there is one means—an
armed insurrection and forcible
seizure of all instruments and
all products of toil. Woe to the
enemies of the laboring class!"

Exhibit No. 6, "Your Shop," is
an evidence of the sabotaging of
labor and labor enemies pre-
scribed in the communist pro-
gram.

Exhibit No. 7, The State-
Strike Breaker, of like use, but
aimed at the defamation of gov-
ernment and the employing
class.

Exhibit No. 8, A proclamation
of the Communist International
against the Versailles Peace, de-
signed to exert influence toward
its failure of ratification.

Exhibit No. 9, An example of
the Russian Bolshevik propa-
ganda among our soldiers in
Siberia.

Striking passages in these ex-
hibits are marked for conveni-
ence.

STATE HIGHWAY BID TOO HIGH, REJECTED

Recently the California highway
commission advertised for bids for
the construction of the state high-
way between Oil King school and
Huron road, a distance of 12 miles,
in Fresno county. The single bid of
Joseph G. Donovan of Los Angeles,
was \$248,935.00, which was more
than 50 per cent above the engineer's
estimate, and was rejected by the
highway commission, for the reason
that its acceptance was not for the
best interests of the state.

Piles Cured in 6 to 14 DAYS.

Irritation, Sores and Heals. You can get
restful sleep after the first application.
Price 60c.

We always have those famous
Southern Cakes. Fresh every day
at the Dragon.

AWARD ROAD BIDS IN RIVERSIDE, INYO COS.

The California highway commis-
sion has awarded a contract for
grading the section of state highway
in Inyo county, between Indian allot-
ment and Division creek, a distance
of about 7.5 miles, to Chas. D. So-
terras, of Los Angeles. The bid of
the contractor, not including materi-
als furnished by the state, is \$22,-
467.40.

The California highway commis-
sion has also awarded a contract for
the construction of a section of
the state highway in River-
side county, extending to the south-
ern boundary, a distance of about
14.3 miles, to Chas. D. Soteras of
Los Angeles, who was the single bid-
der in the sum of \$254,938.20. This
bid was slightly above the engineer's
estimate, but the commission con-
sidered that its acceptance was for
the best interests of the state.

THE CHEERFUL CHERUB

Things move in cycles,
so they say,
A thought that's
worrying me some.
We'd better not
progress too far—
We'll reach the point
we started
from!

GRINS AND GROANS

He Went to L.

The late P. T. Barnum delighted
to tell of his thousand and one
amusing experiences, especially
some that happened during his first
tour of England with "the greatest
show on earth." One of the best is
a joke on the "champion humbug-
ger" himself. Barnum on a leisure
evening bought a ticket to an Eng-
lish music hall. Imagine his keen
delight as he heard the usher, as
he took the tickets of the people
ahead say: "Letter, H, first row;
letter H, fifth row; letter H, sixth
row; letter H, ninth row," and
then, in response to Barnum's
inquiry, "Where do I go?" he said:
"You go to Hell, sir."—Argonaut.

Not Today.

Laden with parcels, a bag, and an
umbrella, the fussy old lady rushed
towards the bus.

"Does this bus go to St. John's
Wood?" she gasped.

"Yes, mum!" replied the conduc-
tor briskly. "Get on, please!"

"Are you sure it does?" the old
lady asked doubtfully.

"Yes, mum!" the conductor had
his hand on the bell cord. "Hurry
on, please!"

"But it says Hendon on the side,"
persisted the good dame wildly.

The conductor swallowed violently
and then answered slyly:

"But we ain't going sideways this
afternoon, lady. Get on, please!"

Answers.

A Familiar Piece.

Cameron (inspecting the newly-
furnished dining-room at Letson's
house)—It's fine, old man! There's
something about it that makes it
look remarkably homelike.

Letson—I guess it's the side-
board, Cam. It's the one that used
to be behind Tim Leary's bar.—
Judge.

It Wouldn't Work Now.

She—Why are you looking so
thoughtful, dear?

He—I was wondering how Jonah
got away with it when his wife
asked him where he had been, away
from home all that time, and he told
her a whale had swallowed him.—
London Blythe.

CONTEST OF CUTTERS AT THE WOOD-PILE

OTTAWA, Kas., Feb. 13.—Mer-
chants, lawyers, a school superin-
tendent, minister and others chop-
ped and sawed wood with willing
hands in timber near here. It was a
free-for-all wood cutting bee to re-
lieve the fuel shortage in Ottawa.
Mayor B. F. Bowers and the cham-
ber of commerce had called for vol-
unteers from the business men and
others of the city to cut wood to be
distributed among the city's poor.
About sixty cords were cut down,
thirty of which were cut into chunks
all ready for stoves. Power saws
were furnished by the Ottawa Man-
ufacturing Company.

There were many ex-soldiers
among the woodcutters, and there
were spirited contests between
pairs for the honor of being the best.
At noon the men formed a

"chow" line to receive coffee and
food. The entire day's activities
were filmed by a motion picture
firm. The pictures will be exhibited
here and elsewhere.

As a part of the city's efforts to
secure wood during the coal short-
age committee secured pledges to
a guarantee fund amounting to \$17,-
500. This fund will be drawn upon,
if necessary to buy wood for the
needy.

DEATH TO RABBITS IN UP-VALLEY DRIVE

RIVERBANK, Feb. 13.—Ranchers
north of town held their annual rab-
bit drive Sunday. They started at
Lone Tree school with a front over
three miles and terminated at Bur-
wood school, where a luncheon was
served free. Over 500 guns were in
action and between 1700 and 1800
jack rabbits were killed. Hunters
from Modesto, Lodi, Stockton and
Oakdale were in line. Ben Brown of
Oakdale, carried off the honor for
number killed, bagging twenty-four.

HOGS AT AUCTION BY FARM BUREAU

VISALIA, Feb. 13.—The top price
received for hogs at the Tulare sale
was \$15.10. The sale was held un-
der the auspices of the California
Farm Marketing Bureau Association
and \$16,304 was the total amount
realized by the farmers for their
hogs. There were forty-three con-
signers on the field and twelve buy-
ers. There were sixty-eight different
scaleweights.

Roland F. Flaherty, secretary and
manager of the Farmers' Market-
ing Association in Medford, Oregon,
was present at the sale in Tulare.
Mr. Flaherty is here gathering in-
formation as to how the large hog
auctions are handled in this vicin-
ity, with a view of making use of
the systems in his northern busi-
ness.

The prices received and average
weights at the sale in Tulare are as
follows:

No.	Av. Weight.	Price.
41	181	\$15.10
68	210	15.05
65	240	15.05
78	219	15.00
91	183	15.00
73	200	14.95
94	168	14.70
26	138	14.10
20	295	13.10

PHONE BUSINESS ON RISE, SAYS MORROW

Gradual readjustment to a status
like that obtaining prior to last May,
when numbers of subscribers had
their telephones taken out as a re-
sult of increased rates and the charg-
ing of tolls on calls which formerly
were free, is the condition prevailing
as regards the Orange county lines
of the Pacific Telephone and Tele-
graph company, according to a state-
ment today by E. S. Morrow, dis-
trict manager of the company. The
number of orders received for in-
stallations is now considerably in
excess of the numbers of removal
orders which followed the increase
in rates early last summer, according
to Morrow.

Yuba tractors work in sand.

LAXATIVE for Aged People

THE BANE of old age is constipation. The bow-
els become weak and unable to perform their
functions without aid. For this purpose only
the mildest and gentlest laxative should be used.
The use of harsh cathartics aggravates the trouble
and makes the constipation worse. Chamberlain's
Tablets are a favorite with people of middle age
and older on account of their gentle action.

Sodality Party a Success

Knights of Columbus hall was the scene of a delightfully successful card party yesterday evening given by the members of the Young Ladies' Sodality of St. Joseph's Catholic church. The only disappointing feature of the evening was the absence of the pastor, Rev. Henry Eumelen, always the sunshine of church gatherings, who was obliged to be absent on business in Los Angeles.

The girls had decorated the rooms with flags, pictures of good old Abe Lincoln and large jars of Chinese lilies and greenery, and the score cards for the interesting games of progressive whist were adorned with patriotic colors. Mrs. A. M. O'Brien and Charles Maag won first prizes and the consolation went to Joseph Lieberman and Mrs. Chas. Schmie delberg, who was assigned to table No. 13 at the beginning of the play, and did not move from that place, her jinx pursuing her throughout the evening.

Following the games the girls served delicious refreshments of cocoa, coffee, chicken sandwiches and home-made cake and a total of about \$50 was cleared for the school library, which the girls have taken under their wing and already have purchased a goodly number of fine books.

The latter part of the evening was in charge of the K. C., which provided a good program, consisting of lively music by Mrs. A. Biner at the piano, Mike Carillo, violin and Mr. Parsons, banjo and Miss Anna Young and Frank Biggs rendered delightful vocal solos.

Thomas Murphy made a pleasant little speech and on behalf of the K. C. presented Mr. and Mrs. Martin V. Biggs, the "newest" bride and groom, with a handsome library lamp stand for which was made by the groom's brother, Frank Biggs. Mrs. Biggs was given a hearty welcome into the parish. Mr. and Mrs. Biggs spoke words of appreciation. Dancing concluded the pleasurable event which will probably be repeated once a month during the winter.

Leaving for Mexico.
A pretty Valentine farewell party was given Wednesday evening at James' by Mr. and Mrs. Russell Coleman, who will sail Monday for Mrs. Coleman's former home in Los Mochis, Mexico, for a six-weeks' visit.

Dancing was enjoyed in James' gold room with Chapman's orchestra furnishing the music.
At a long banquet table resplendent with baskets of red carnations and ferns, a dainty two-course collation was later served to the twenty-four members of the party. Valentines with funny verses were used as place cards.

Mrs. Coleman is looking forward to her trip to Mexico with great pleasure as she has not visited her home in Los Mochis for ten years and has seen her father, J. T. Whittell, who lives there but once since leaving, when he came here to make a short visit. Mrs. Coleman is very fond of Mexico as she was born there and lived there during the earlier years of her life, being sent later to this country to be educated.

Mrs. Coleman has made many friends in this city, and has won a prominent place in musical circles with her beautiful voice.

The many people of this city who have had the pleasure of meeting Mr. and Mrs. Coleman will miss them greatly and will look forward with pleasure to their return.

Those present Wednesday evening to wish the hosts a pleasant voyage were Messrs. and Mrs. Chas. Kendall, Nat H. Neff, J. Fitzgibbon, A. J. Garroay, L. B. Babbitt, Harry Matthews, Arnold Peek, Chandler, Dr. and Mrs. Rowland and Dr. and Mrs. Slabaugh.

O. E. S. Colonial Party
Hermosa Chapter, O. E. S., will give a Colonial Party Monday evening.

PRESIDENT

BACK HERE

The shaded lamp throws softest beams,
And as I watch her face it seems
That we have never been apart,
And that the weary months have been
But melancholy dreams.
The days that passed with leaden feet
Are filled for me with fancies sweet.
Verdun is mine in memory,
And matchless comrades may I now
In recollection greet.

Kindly they treated me—the years
That brought to her so many tears
So many hours of restless care,
So many days and weeks and months
Of overwhelming fears.
She reads to me, the light turned low,
Just as before, her hair aglow
With ruddy fire. But now
There's glint of silver there that once
I did not know—
A few tired lines that were not there,
A few thin strands of graying hair,
Two years of life are lost to her—
Two golden years of youth. It seems
Not altogether fair.
—(Clyde Langston Eddy in "The Home Sector.")

ing, Feb. 16. All Eastern Star members are invited to attend.

Pretty Dinner Party
Pink and yellow roses gave a dainty appearance to the table at a 6 o'clock dinner given Wednesday evening by Mr. and Mrs. George Briggs at their home, 644 North Broadway.

Following the delicious dinner the guests spent a pleasant evening with cards.
Beside the hosts, those present were Mr. and Mrs. W. L. Grubb, Mr. and Mrs. Russell Scott, Mr. and Mrs. J. P. Hatzfeld, Mr. and Mrs. O. K. Forsy and Mr. and Mrs. Fred Parsons.

G. A. R. Comrades Entertain
Yesterday's banquet given by the G. A. R. Comrades to the W. R. C. members and the Circle ladies was in every way a success. After partaking of the sumptuous dinner, the following program was given:
A song by the audience after which City Attorney Scott gave a splendid address, his subject being "Our Martyred President, Lincoln." First he paid his respects to the soldiers of the Civil War, then a tribute to the veterans of the World War. His talk about Lincoln was very interesting.

Next was a solo by Mrs. Wilkie, "Sing Me a Song of the South." A reading by Mrs. Helen Y. Kellogg, "The Two Armies, Blue and Gray." A reading by Mrs. Della Bishop, "At Lincoln's Tomb."
Mrs. Josephine B. Thomas, department president of the Utah ladies of the G. A. R. was present and made a few remarks.

Spurgeon P. T. A. Meets
The Spurgeon School Parent-Teacher Association met yesterday afternoon in the school auditorium. About fifty mothers were present.

The meeting was called to order by the president, Mrs. Cood Adams. After singing "America," Miss James' room entertained with a patriotic program, which was well rendered and much enjoyed by all. Miss Rowland, of the High School, gave an interesting and helpful talk on children's lunches.

The committee on the membership drive reported 126 members. At the close of the meeting three members were enrolled, making the total 129 members.

The third grade, having had the most mothers present, will receive a treat.
After the meeting, the members were served with delicious tamales pie by the mothers of the third children.

We have them in fancy lace stripes, drop stitch, embroidered, black with white arrows, white with black arrows, brown with white arrows and solid colors in brown, black, white, gray, field mouse, chass and blue. You'll fall in love with these splendid numbers the minute you see them and you'll like the price, too. They run from \$1.35 to \$4.50.

Mrs. Cora B. Cavins
116 E. Fourth Street
Phone 183

The program was as follows:
Lincoln Acrostic—Third Grade.
Solo—George Schill.
Lincoln's Boyhood.
Piano Solo—Ruth Breckenridge.
Song, "The Many Flags in Many Lands"—Third Grade.
Flag Salute—Audience.

Bride-to-Be is Feted
Mr. and Mrs. Roy Johnson charmingly entertained at their home, 806 South Broadway, Wednesday evening at dinner in honor of Miss Grace Casner, formerly a teacher in Tustin and more recently of Ramona, San Diego county, who is soon to become the bride of Jesse Hill of Alvarado, Texas, brother of J. S. Hill of this city.

Cupids and hearts emphasized the Valentine motif in a charming manner and provided a happy atmosphere for the occasion.
Games and music were enjoyed later in the evening, after which dainty refreshments were served on individual trays marked in a novel manner by piercing the delicious pineapple dainty with an arrow with a tiny cupid attached, upon which the guest's name was written. Coffee and cake were also served.

Those present to wish the honor guests, who are to be married Sunday in Los Angeles at the home of Miss Casner's sister, a happy future, were Mr. and Mrs. C. P. Marshall of Tustin, Mr. and Mrs. Clyde Elliott and sons, James and Charles, Mr. and Mrs. Geo. Hutton and daughter, Marian, Jesse Hill and the hosts, Mr. and Mrs. Roy Johnson.

Miss Casner and Mr. Hill were entertained at the home of Mr. and Mrs. S. M. Hill in Los Angeles recently and were given a pretty luncheon yesterday at the home of Mr. and Mrs. Burt Hill in Whittier at which bright yellow merigolds and ferns in a large crocheted basket and small nut baskets to match produced a beautiful effect for the table. Place cards, also in yellow, completed the picture.

Those present at this affair were, beside the hosts, and honor guests, Mrs. Lida Moomau of Whittier, mother of Mr. Hill, and her house guest, Mrs. Ivory of Colorado and Mr. and Mrs. J. S. Hill of this city.

27th Anniversary Celebrated
In celebration of their twenty-seventh wedding anniversary, Mr. and Mrs. Parke S. Roper entertained ten guests at a delightful 6:30 o'clock dinner last evening at their home, 809 Spurgeon street.

The hosts planned the pretty affair as a complete surprise to the guests but the fact that it was to be in the nature of a wedding anniversary became known and the tables were turned in a jolly way when the guests arrived and presented Mr. and Mrs. Roper with a beautiful reading lamp.

In the living room fragrant sweet peas, jonquils and maidenhair fern were cleverly combined in the decorations, while in the dining room sweet peas and maidenhair fern were charmingly arranged on the table, upon which the delicious five-course collation was served.

Following the dinner, the remainder of the evening was enjoyably spent with cards, auction bridge being the game played. Mr. and Mrs. Will Huff took first prize and Mr. and Mrs. Chas. Kendall, the consolation prize.

Sincere wishes for many more happy years together were expressed to Mr. and Mrs. Roper by the guests who were Messrs. and Mrs. Will Huff, Chas. Kendall, L. A. Collier, M. A. Yarnell and Dr. and Mrs. J. I. Clark.

Mrs. Anthony Adams and Mrs.

George Munger, daughters of Mr. and Mrs. Roper, assisted in making the evening one of flawless enjoyment for those taking part in the affair.

PERSONALS

Mrs. Roy Skiles spent yesterday at Long Beach where she was the guest of Mrs. W. M. Sinclair, of Colorado Springs, Colo., who is wintering Elks, the Register is advised that

at Long Beach.
Frank Lucas, of Los Angeles, was at the home of his parents at Huntington Beach today, where he was removed in an ambulance from the New Santa Ana Hotel, where he had been ill for the past three weeks. He was reported to be on the way to recovery.

Correcting a statement concerning the sale of the lot at the corner of Sixth and Sycamore streets to the Paul Summerlin, of Georgia. Mr. business.

the sale was made by Mrs. Emma Palmer Mosbaugh at \$14,000.

Mr. and Mrs. Herman Muchaw left today for Los Angeles, where they will join their son, who is attending the university.

Mrs. Lester Carden and Lester, Jr., returned last night from a two-day visit with Mrs. Carden's mother, Mrs. Frackelton, in Los Angeles.

Mr. and Mrs. L. H. Hill have as their house guest their nephew, Paul Summerlin, of Georgia. Mr. business.

Summerlin expects to make Santa Ana his home.

Mr. and Mrs. Victor Langford and little son expect to leave Monday for their new home at New Haven, Conn., where Mr. Langford will be connected with the Winchester Firearms Company.

E. E. Offerle, new owner of the Biggs & O'Meara grocery, was in his old home in Hollywood yesterday on his business.

SHOWELL HEADS OARSMEN'S BODY

SAN FRANCISCO, Feb. 13.—Vernon S. Showell of the South End Rowing Club was elected president of the Pacific Amateur Oarsmen's Association here last night. William Unmack of the San Diego Rowing Club, was chosen vice-president.

Robert Steele of the San Francisco Aero Club, and James J. Cronin, of the Dolphin Boating Club, were re-elected treasurer and secretary, respectively.

Plans were made at the meeting for the regatta to be held July 4th at San Diego. A regatta may be held here some time in May, Showell said.

STECHER KEEPS TITLE

BOSTON, Mass., Feb. 13.—Joe Stecher, world's wrestling champion, successfully defended his title against Wladek Zbyszko, the Polish giant, here last night.

Stecher caught Zbyszko in his famous scissors hold and the Pole's shoulders went to the mat after one hour, thirty-two minutes and twenty seconds.

TRAPSHOOTERS PLAN CHAMP TOURNAMENT

Edgewater Park in Cleveland, O., will be the scene of the 1920 Grand American Handicap Trapshooting tournament—the blue ribbon tournament of trapdom.

The tournament will more than likely be held the week following the grand circuit trotting races—the week of August 23.

Cleveland intends to run a real shoot. It is the ambition of those behind the tournament to make this the greatest Grand American Handicap ever held, and these men know how well the shoot was handled in Dayton and at the South Shore Country Club.

Twelve traps will be erected in Edgewater Park—twelve traps in a straight line, the first time that 12 traps were ever erected for use in the Grand American Handicap.

58-POUND ALBACORE CAUGHT AT CATALINA

AVALON, Feb. 13.—The season's record albacore was caught on light tackle by W. R. Dray of Chicago after a thrilling battle with the big fish, lasting forty minutes. The albacore weighed fifty-eight pounds, and, according to Sam Goulding, captain of the fishing launch "Ethel," put up as game a fight as any leaping tuna. It is a strange coincidence that most records of both summer and winter fishing at Santa Catalina have been won by Californians.

Capt. A. Kirkley of London, who trolled from the launch Manana with Capt. Mackay, caught the second largest albacore of the day, bringing to gaff a forty-two pounder. Both Mr. Dray and Capt. Kirkley were awarded gold buttons by the Catalina Light-tackle Club.

The run of big albacore in Catalina waters began some four weeks ago and is still at its height, attracting many sportsmen for winter fishing.

MAJORS AND MINORS IN MEETING TODAY

CHICAGO, Feb. 13.—An agreement between the major and minor baseball leagues will probably be reached today. President John Heydler of the National League said.

President Heydler decided to postpone his return to New York until further conferences today between the committees representing the major and minor leagues shall determine definitely whether or not a new working agreement is possible.

SHANNON GETS DECISION

TACOMA, Wash., Feb. 13.—Harry Schuman, coast lightweight champion, forced the fighting and did the leading all the way in his battle with Eddie Shannon, clever California boy, here last night, but Shannon was awarded the referee's decision. Shannon dripped sweat and kept Schuman in loving embrace in the last three rounds to get away from Schuman's body kicks. Shannon proved faster and the more clever.

NAMMER MEETS MAHONEY

LOS ANGELES, Feb. 13.—Ever Hammer, Chicago lightweight, will meet Eddie Mahoney, San Francisco, in the main event of the four-round boxing card at Vernon tonight.

Enclosed cars, day or night, city or country trips. Crown Stage Co. Phone 925.

Yuba Tractors work everywhere.

Taxi service, day or night. Crown Stage Co. Phone 925.

NAME 'BAYER' MEANS ASPIRIN IS GENUINE

For Lumbago, Backache, Pain, Rheumatism, Stiffness

You want relief—quickly and safely! Then insist on "Bayer Tablets of Aspirin," stamped with the "Bayer Cross."

The name "Bayer" means you are getting genuine Aspirin prescribed by physicians for over eighteen years, and proved safe by millions of people.

For a few cents you can get a handy tin box of genuine "Bayer Tablets of Aspirin," containing twelve tablets. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacturing Co. Monoaceticacidester of Salicylicacid.—Adv.

Southern California

REDLANDS, Feb. 13.—Owen F. Pugh, for twenty years a singer in evangelical work, died at his home here following a stroke of apoplexy. Mr. Pugh, a native of Wales, had made his home in Redlands for the past eight years. For seven years he was with Dr. Chapman, the evangelist, and then for four years was with Dr. Munhall. He leaves a widow and one daughter, Miss Gladys Pugh.

LONG BEACH, Feb. 13.—James H. Hanes, 60 years old, a wholesale fruit dealer of Grandview avenue and Signal Hill drive, was instantly killed when a Pacific Electric car on the Zafra-Willowville line struck a truck which he was driving at the Atlantic avenue crossing.

The aged driver was pinned beneath the wreckage for more than an hour before the trucks of the car could be raised and his mutilated body removed. According to witnesses the alarm gong at the crossing was ringing and the motorman on the street car was ringing his bell. It appeared as though the accident, victim lost control of the truck directly in the path of the car. The motor truck was overturned, and, with the driver underneath, was dragged for about twenty feet, it is said.

LOS ANGELES, Feb. 13.—Los Angeles shoe dealers will organize a committee within a few days to act with the Federal Fair Price Committee in evolving a system to govern all sales and operate and work on as close a margin of profit as possible. This was announced yesterday at the meeting of the federal organization in the Realty Board building by William Innes, representing dealers of the city.

WASCO, Feb. 13.—Fire of unknown origin destroyed the A. J. McCombs building here, causing a total loss of approximately \$70,000. The fire was discovered in the restaurant operated by J. W. Reed in the building. Little could be done to extinguish the flames as there is no fire-fighting apparatus here. The McCombs building was but recently erected.

POMONA, Feb. 13.—Leslie L. Van Matre, the first influenza victim in this district, died at his home on Sixth street, in Chino. He was 31 years of age and was born in Creston, Cal. Besides his parents, he leaves a sister and three brothers. About two years ago he was left a widower with two small children. The family came to Chino last November.

LONG BEACH, Feb. 13.—Col. Charles R. Drake, president of the Seaside Investment Company, owner of the Pike Bath-house and Hotel Virginia, has announced that plans were being drawn and that would be commenced this fall on a new \$350,000 bathhouse on the site of the present structure.

The proposition of erecting an eight-story hotel to cost \$4,000,000 on Pike property in the near future was also being considered, Mr. Drake announced. The new bathhouse will be of reinforced concrete construction and will contain tile plunges and 2,000 dressing rooms. The building will be four stories high.

PASADENA, Feb. 13.—One of the largest and most valuable archeological collections in the country has just been presented to the California Institute of Technology by Peter W. Gates. Included in the collection are hundreds of Indian baskets, pottery, stone tools, and wooden implements, burial urns, ollas, cooking utensils, bows, arrows, spears, textiles, desiccated birds, feathers, pestles, votive offerings, talismans and war implements. The collection was made by an expedition to Arizona and New Mexico a score of years ago. Twin collections are made, one of which is owned by the government and is in the national museum, Washington, D. C., and the other, which was owned by Mr. Gates and has just been presented to the Pasadena college.

LOS ANGELES, Feb. 13.—The finding of a box of bones, believed to be human, was reported to the sheriff's office yesterday by R. H. Minnear, 356 East Sixty-fourth street. He said a Mexican he had employed to excavate for a cesspool made the discovery, but an investigation did not disclose anything that would point to foul play.

BAKERSFIELD, Feb. 13.—When the city treasurer, the city engineer, the building inspector, the clerk, city attorney and other city officials petitioned the city council of Bakersfield to raise their salaries 25 per cent, the council acknowledged the need of increased pay, but tabled the petition and then voted to increase the pay of the council members 100 per cent when acting as a board of equalization. Increasing tax on hotels, restaurants, printing offices, poolrooms, garages, oil stations, cigar stands and other small businesses will be placed in order to raise the money to meet the increased salaries, it was announced.

WILL SELL TAGS FOR RELIEF OF SERBIANS

Tomorrow and Saturday are tag days in Santa Ana for Serbian relief. The sale tomorrow will be in the schools and on Saturday will extend to all parts of the city. Everyone who can buy is asked to purchase as many tags as possible to assist in supplying the necessities of life to a people fully deserving and who are in temporary distress.

Tags will be sold by members of the Girls' League of the high school and Junior League of the city, which would sell at least 6,000 tags, which would provide \$600 for immediate use. The Serbian campaign is to offer relief to Serbians for a period of six months to tide them over the time necessary to the production of crops. With their country crippled by the ravages of war, they are without tools, food and clothing.

Springtime Maid Has Many Styles, Take Your Choice

By MARGARET ROHE
(Written for the United Press)

NEW YORK, Feb. 13.—The Springtime maid is all mixed up over what she is to be, because the fashions seem to show so much diversity. Some say wasp waists and hips are chic while others do opine we will adhere to slight effects and cling to length of line. The vital question—length of skirt—is still up in the air. Most of the smartest skirts are too, you see the models wear. And yet a goodly portion cling about the ankles prim and with their Turkish trouser drapes conceal the well-trousered limb.

Then there's the footnotes of the mode, milady's dainty shoe. Some still insist the long sharp vamp our insteps step into but more and more on every hand and every foot also one sees the snub nosed French short vamps go tripping to and fro. For many seasons they have tried to get a toehold here. That they have won by many feet it really does appear. Quite irrespective of your feet, it sort of seems to me, the shape of shoes the keynote of your temperament may be. If you elect the narrow path most decorous to tread, of course, you wear a narrow shoe, sharp pointed; if instead on a broad highway of joy you archly wish to skip, a short broad vamp your high arch foot will greatly aid to trip. They come in most ornate effects with lavish straps and bows with three inch heels as high—almost—as prices, goodness knows.

Of fabrics for the Springtime wear some say the best are plaids. Hoot mon! the tartan flaunts supreme for gown ups or for tads. In serge, in taffeta or voile in gingham, crepe de chine, in gay or neutral colors, all sorts of plaids are seen. When you have seen their chic display you're sure you'll be in bad as feminine Beau Brummells if you don't go in for plaid.

And then another faction in manner temperamental decrees the motifs of spring stuffs is all the Oriental. Morocco and Algeria, far China and Japan with a dash of little Egypt make up the general plan of blended hues, harmonious designs distinct and quaint that from all other fabrics these differentiate. The most of them have backgrounds of neutral beige or gray on which gay ships go sailing or birds and beasts play. Fans, bowls of fruit or landscapes these quaint designs depict. You'll be a moving picture when in this stuff you're tricked.

From Serbia, Roumania and other Balkan spots have come designs and colorings of reds and blues, oh lots. Just like the peasantry out there our gentry will be doctored. When thus dressed up it may be hard one's status to detect.

But what is to be gathered from this conflict of the modes when to extremes Dame Fashion her abetting slavegirls goads? Well, really, the deduction that seems quite plain to me is "Be a bit of everything to be le dernier cri."

L. A. HARBOR IS HELD BEST FOR WARSHIPS

LOS ANGELES, Feb. 13.—"Los Angeles has unquestionably the best harbor for battleships on the Pacific Coast," Admiral Rodman, commander of the Pacific Fleet, declared last night at a Lincoln Day smoker given at the Elks' Club by the chamber of commerce of San Pedro. The admiral made this statement in response to an address by Ray Mitchell, president of the San Pedro chamber.

Admiral Rodman and 100 officers of the Pacific Fleet were the guests of the chamber. A number of prominent Los Angeles men also attended the smoker. E. S. Trefz made the principal speech.

KEEP STRONG

One bottle of pure, emulsified Norwegian cod liver oil taken now, may do you more good than a dozen taken a month hence. It's more economical to give your body help before resistance to disease is broken down. A very little

SCOTT'S EMULSION

OF PURE NORWEGIAN COD-LIVER OIL

gives a long way in sustaining strength and keeping up resistance. Resolve that you will buy a bottle of Scott's Emulsion at your druggist's on your way home, and start protecting your strength.

The exclusive grade of cod-liver oil used in Scott's Emulsion is the famous "S. & B. Process," when in Norway and refined in our own American Laboratories. It is a guarantee of purity and palatability unsurpassed. Scott & Bown, Bloomfield, N. J.

Own Your Own Home

Throughout America there is today no more vital problem than that of home building. The attention of the people has been attracted not only to the immediate necessity for more homes, but also that the new dwellings must be of the kind that makes for good homes and a happy people.

A dwelling must be more than a shelter. Individual ownership of a home builds good citizenship and a loyal pride in the community. Individual ownership in a home, encourages habits of thrift, makes the owner more efficient in business. "OWN YOUR HOME" is a practical demonstration of "AMERICA FIRST." Our easy monthly payment plan has helped many pay for homes.

Santa Ana, Cal.

ARREST FIVE IN RAILWAY PASS PLOT

CHICAGO, Feb. 13.—Federal officials here believed today they had uncovered a nation-wide plot to defraud the railroad administration through counterfeit passes. Five persons were under arrest and several others were sought.

Esther Field was taken into custody as she stepped from a train in Chicago on her arrival from Los Angeles. Others held are S. R. Weatherby, arrested at Portland, Ore.; David A. Weatherby, his father; David Groshier, a butcher, and Louis Gordon, a designer, all held at Los Angeles.

The plan originated last November and since then hundreds of fraudulent passes were sold, federal agents declared. S. R. Weatherby, a former railroad brakeman, was alleged to have fostered the scheme.

City and County Briefs

The following letters remain unclaimed in the post office at Santa Ana, Cal., for the week ending February 14, 1920: Mr. and Mrs. Lester Carter, Selso Savira, Mrs. Francis Lewis, Anastacio Lopez, Margaret Maloney, Juana Padilla, Carlos Salazar, F. W. Smith, Jose Torres. If not called for within two weeks, the above letters will be sent to the Dead Letter Office. When calling for the above, please say "advertised" and give the date.

A number of Santa Anans will hear Madame Schumann-Heink at the Long Beach Auditorium next Tuesday night. The great contralto is to be assisted in her program by Miss Nina Fletcher, violinist and Mrs. Katherine Hoffman, piano.

A Quinine That Does Not Affect Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. There is only one "Bromo Quinine." E. W. GROVE'S signature on the box. 30c.

No Camouflage In This Story

Says corns stop hurting, then lift right off without one bit of pain

Hospital records show that every time you cut a corn you invite lock-jaw or blood poison, which is needless, says a Cincinnati authority, who tells you that a quarter ounce of a drug called freezone costs but a few cents at any drug store but is sufficient to rid one's feet of every hard or soft corn or callus without even one little twinge of pain.

You simply apply a few drops of this freezone on a tender, aching corn and the soreness is instantly relieved. Shortly the entire corn can be lifted out, root and all, with your fingers.

This drug is sticky but dries at once and is claimed to just shrivel up any corn without inflaming or even irritating the surrounding tissue or skin.

If your wife wears high heels she will be glad to know of this.—Adv.

FLU RUNS COURSE IN
CALIFORNIA, BELIEVED

SACRAMENTO, Feb. 13.—With no cases of influenza reported from Madera, in which San Joaquin Valley city the present epidemic made its first appearance. State board of health officials are optimistic that the wave has about run its course, despite the fact that state reports from Madera leads us to hope that from February 10 show 1388 new cases and 66 deaths, which is an increase.

next with 368 cases and 19 deaths, and Sacramento is near the foot of the list with 47 cases and 3 deaths. Madera first appeared in the reports with 162 cases in one day. That city during the epidemic of 1919 was "The influenza epidemic is a complete enigma to medical men," today said Dr. W. H. Kellogg of the board of health. "The fact, however, the wave has about run its course, that no cases have been reported from Madera leads us to hope that from February 10 show 1388 new cases and 66 deaths, which is an increase."

San Francisco leads with 394 new cases and 17 deaths. Los Angeles is next with 368 cases and 19 deaths, and Sacramento is near the foot of the list with 47 cases and 3 deaths.

Yellow Mustard For Rheumatism

A good hot mustard plaster or poultice is pretty sure to overcome most rheumatic pains and even sciatica and gout, but it's a mussy affair and generally blisters.

Heat is absolutely necessary if you want permanent relief. Beg's Mustardine, made of true yellow mustard with pain relieving ingredients added is just as hot, is cheaper, cleaner and more effective than the old-fashioned poultice or plaster and cannot blister.

Besides rheumatic pains and swellings Beg's Mustardine is speedily effective for lumbago, backache, neuritis, pleurisy, bronchitis, sore throat, chest colds and all aches and pains because heat eases pain—30 and 60 cents at druggists or by mail, S. C. Wells & Co., LeRoy, N. Y.

COURTHOUSE NEWS

May Reveal Secrets of Man Jailed As Bigamist

Whether or not the fact that this is Friday the Thirteenth has any bearing on the fate of John L. Shell, alleged bigamist, was expected to be determined in the court of Justice John B. Cox this afternoon when Shell's preliminary examination was to be held.

When Shell was arraigned recently it was evident that a so-called "unlucky day" held no terrors for him, inasmuch as he voted no objection to the hearing being held today. All he desired was that the date be fixed as early as possible.

What were the factors that led up to Shell's arrest? Did Shell try to conceal from Della Monreal the alleged fact that when, as was claimed, he married her here on January 19, last, he had not yet been legally separated from Julia Quiram, whom he was alleged to have married on August 2, 1919? What is Shell's status with reference to Gladys Shell, who

said he married her on November 29, 1918?

These are among the points that it was thought might possibly be cleared up at Shell's preliminary examination this afternoon. On the other hand, it was possible that today's hearing would be comparatively brief, with the adduction of merely enough evidence to warrant Shell being held to answer.

Shell was in the employ of the Royal Packing Company, vegetable packers, of 1815 Sacramento street, Los Angeles, when arrested on January 21 in Los Angeles, and brought to Santa Ana, it was said.

A "platonic bigamist" is what the woman who said she was Gladys Shell, of 445 North Alvarado street, Los Angeles, was reported to have termed Shell. She was quoted as having said she was certain that they never lived together as wife and husband.

COUNTY PHONE BODY FACES TEST SUIT

Designed to test the legality of the procedure under which the Orange County Farmers' and Merchants' Association, a non-profit-sharing concern, having for its object the establishment of an independent telephone system, was organized, suit was filed in superior court today by the people of the state of California against the association.

The action was begun upon complaint of Charles S. Knowlton, resident and taxpayer of Fullerton. The complaint was prepared by Attorneys Marks and Launer of Fullerton, and signed by Leon French, deputy of State's Attorney General U. S. Webb.

Among the allegations contained in the complaint were the following:

That the articles of incorporation did not state the amount of capital stock and number of shares into which it was divided and its par value.

That the articles did not set forth the kind of telegraph or telephone lines intended to be constructed, or the place from which the association intended to run its lines, or the intermediate branches thereof, or the estimated length of its lines, or that ten per cent of the capital stock had, at the time the articles were filed, been subscribed and paid into the treasury, or that there was actually subscribed \$100 of its capital stock for each mile of lines to be constructed.

That there was not filed with the secretary of state at the time the certified copy of the articles was filed, or at any other time, an affidavit by the president, secretary or treasurer of the association, stating that any of its capital stock had been actually subscribed or that ten per cent of the amount subscribed had been actually paid into the treasury for the association's benefit.

Among the exhibits attached to the complaint were the articles of incorporation, its by-laws and a copy of the Orange county ordinance under which the association was granted its franchise.

IOWANS WILL PICNIC IN L. A. FEBRUARY 21

With an invitation issued to Herbert Hoover to be present and address former Iowans at their big picnic on Saturday, Feb. 21, "hawkeyes" in Southern California today are anticipating a rousing gathering on that date at Eastlake Park (now called Lincoln Park), Los Angeles.

All the usual attractions will be offered—county registers opened early in the morning; basket picnic dinners at noon; souvenir badges; program about 2 o'clock; college reunions at 3; a jolly, happy time all day long around the county headquarters with old friends.

There never before has been as many tourists in Southern California as at this time, and as there are hundreds of them from Iowa the attendance is expected to exceed all previous records.

MEX. FRUIT PICKERS STRIKE FOR \$3.60 A DAY

CORONA, Feb. 13.—More than 300 Mexicans employed in the citrus groves in this colony went out on a strike this morning, demanding an increase in wages.

The various packing companies have been paying their men \$3 per day, but the Mexicans want \$3.60.

At a lengthy conference held at the office of the Queen Colony Fruit Exchange, which was attended by representatives of all the packing companies in the colony and five Mexican representatives, the packers made a proposition to pay the men \$3 for a nine-hour day, and allow them 2 cents per box for all over forty boxes of oranges picked and 4 cents per box for all over fifteen boxes of lemons picked. This was refused on the ground that some of the older men could not work as fast as others and would not make any more than they were now getting.

The packers replied that the Mexicans could accept their proposition or remain idle and all of the laborers agreed to hold out for the fair raise.

Efforts are being made to secure other help from Los Angeles. The growers are satisfied to let their fruit remain on the trees for a month or more if necessary.

KENNEY DAMAGE CASE IS SET FOR TRIAL

The action of R. H. Kenney against the Pacific Electric Railway Company, which was heard by a jury in the court of Superior Judge Williams this week, and in which the jurors failed to reach a verdict, was re-set for trial today in the same court for April 26. Kenney asks damages of \$75,000 alleged to have been sustained when he was knocked off the North Main street bridge when the automobile in front of which he was standing was struck from the rear by a Pacific Electric car.

\$2500 NOTE IN 1915 SUIT AGAIN BOBS UP

With Morris A. Cain as his attorney and through a suit on file here, N. E. Wray will endeavor to recover \$2,836.50 on a judgment given in his favor on February 9, 1915, in an action to be brought against C. A. Foster, defendant in the present suit. Involved in the action was a promissory note for \$2500, signed by Foster Los Angeles on May 5, 1913, in favor of William A. Iden, who subsequently indorsed the note to Wray. Foster has paid no part of the 1915 judgment, according to Wray's complaint.

ASK ESTATE LETTERS

F. W. Mansur, with A. C. Mize as his attorney, and through a petition filed here, will seek letters of administration in the estate of J. M. Lacy, who died on February 2, 1913. Attorneys Eden and Koepsel prepared a petition through which Solomon Norris will seek letters of administration in the estate of Mary E. Norris, who died on January 2, 1916, leaving property estimated at \$4500.

TO SEEK DIVORCE

Arthur E. Follett will seek a divorce from Della Susan Follett through a suit which Attorney Morris A. Cain files today.

Cain also is attorney in an action through which Alta Kendall will seek a severance of marital bonds from Charles Kendall.

TO ADMINISTER ESTATE

Jerome Hayward today filed a petition for the administration of the estate of Horace Hamilton Hay, who died on July 15, 1919 in Oregon, leaving property in this county valued at not in excess of \$10,000 according to the petition. William P. Webb, Jr., prepared the petition.

DEATHS

GATRELL—In Santa Ana, Cal., Feb. 12, 1920, at his home, 620 West Fifth street, Dr. T. N. Gatrell, aged 50 years.

Funeral services will be held tomorrow, Saturday, Feb. 14, at 2 p. m., under the auspices of Santa Ana lodge No. 241, F. and A. M., from Smith & Tutill's chapel.

Dr. Gatrell has been a resident of this city for three months. He came here from Pekin, China, where he had lived for many years.

POWELL—At Newman, Calif., Feb. 12, 1920, I. F. Fowler.

Funeral services will be held tomorrow at 3:30 p. m. from Smith & Tutill's chapel.

MARTINEZ—At Talbert, Cal., Feb. 13, 1920, Celilio Martinez, aged 26 years.

Services, in charge of Mills & Winbiger, will be held at Talbert, Saturday at 2 p. m. Interment in Huntington Beach cemetery.

Nasty Colds

Get instant relief with "Pape's Cold Compound"

Don't stay stuffed-up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a cold and ends all gripe misery.

The very first dose opens your clogged-up nostrils and the air passages of your head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness, stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. nice. Contains no quinine. Insist on it acts without assistance. Tastes Pape's—Adv.

Lessons from Life Of Lincoln Given Emphasis

Simple yet keen; of the greatest dignity, yet easily approachable; passionately sympathetic, but unshakably just; placed by his natural gifts among the few, yet never out of touch with the many—it does the heart and the soul good to think of Abraham Lincoln.

"Labor can learn from Lincoln the industrious; Capital can learn from Lincoln the just and generous; politics can learn from Lincoln the citizen and patriot."

"And it is fitting that his birthday be observed as it was yesterday in school and home, in work shop and church, in law-making body and executive mansion. And may something of his great and living spirit re-awaken in the nation's heart, where it is now so sorely needed."

This sentiment, along with facts concerning the life of Abraham Lincoln, was emphasized in numerous classes in Santa Ana schools yesterday, Lincoln's birthday. Owing to the epidemic of colds, grip and similar illnesses, the school authorities are not allowing assemblies. For that reason special Lincoln Day exercises were not held. Teachers of history gave Lincoln Day class instruction. Today at the Santa Ana school, Mrs. Rodriguez, at the request of the G. A. R. talked on Lincoln, to the Mexican children.

MUCH CONFUSION FROM NEW ORDER

BAKERSFIELD, Feb. 13.—If the Western Minerals land is actually withdrawn by the government on the strength of the recent judgment, it will become necessary for the minerals company, in the cases where wells have been put down on quarter section boundaries, to state which quarter section is oil proven land, leaving no other section, and in some cases three-quarter sections, open to claim or lease.

This is explained by the old practice of original claimants to oil land in the old days putting down a well in the exact center of a section, where the boundaries of the quarter sections crossed. Such wells would thus be literally in all four quarters on the strength of the allegation that the entire section was oil proven. Two quarter sections were sometimes claimed by this system, when wells were put down on the line dividing them, although not in the exact center of the entire section.

It is the opinion of Kern oil men that if the judgment of the land office stands, giving to the government 2,000 acres of the western minerals territory, the company will have to designate which quarter section, when the well is on the boundary, is oil-proven land. Then, if the well should be at the crossing point of the quarter sections, three-quarters of the section would be made government territory by the designation of the company to one quarter, or in some of the other cases, the company would designate one quarter, leaving the other to the government.

When these designations are made, extensive acreage will be come open to claim or lease, it is said, and many persons interested in the case are visiting the field in an effort to ascertain what lands will belong to the government, and which will be retained by the company.

The entire situation is made more complicated, however, by the fact that the entire district is said to be included in the Naval Reserve No. 2, and in withdrawn acreages by order of President Taft in 1909. In this case, none of the land in question can be claimed or worked for oil, so that the company and new locators are both literally "up a stump" unless they can obtain leases under the new act, soon to be effective.

SOLDIER DENIES HE KIDNAPED BOY OF 12

LOS ANGELES, Feb. 13.—A. B. Murphy, former overseas soldier, arrested here on a charge of kidnaping twelve year old Paul Hopping, of Williamsburg, Ohio, declared today that he did not kidnap the boy, but that hero worship and a desire to escape farm life prompted Hopping to come here with him.

Murphy was formerly employed on the Hopping farm and claims Paul became attached to him because of his war experiences.

ROVING MARINES ARE COMING TO SANTA ANA ON MONDAY NEXT

Detachment of Picked Men, With Band, Here Afternoon and Evening

The "Roving Marines," a detachment of picked "Soldiers of the Sea" touring the west on recruiting duty, are to be in Santa Ana next Monday, February 16, and will give a parade at noon, band concert in the afternoon and an entertainment at the Temple theatre at 7:30 Monday evening, it was officially announced today.

The program will include such items as selections by the famous 34-piece Marine Band from Mare Island under the leadership of First Sergeant Cunningham, vaudeville stunts, boxing bouts, and other features giving an idea of life in the Marine Corps.

The sole purpose of these veterans on tour is to stimulate recruiting in that ever popular branch of service, "The United States Marines."

Among those versatile Soldiers of Land and Sea, there are many decorated heroes of the famous Fifth and Sixth Marines, also others from the Asiatic stations and the Tropical Posts where Marines do duty.

Many of these men who were formerly enlisted for duration of the war have been discharged and re-enlisted after spending a few weeks in civil life.

Private Nagel, a former thespian, previous to the war, is with the party doing black-faced comedy.

This young man was cited for bravery with the rest of his battalion at Soissons and awarded the Croix de Guerre for personal bravery on the St. Mihiel sector.

Among the band members are several of the boys who helped entertain the A. E. F. in France and along the shores of the Rhine.

Gunnery Sgt. McFarland, who was one of the boxing instructors of the famous Second Division, is in charge of the boxing branch of entertainment.

He has gathered together quite an array of talent, including Pvt. J. Gonzales, welterweight; Cpl. E. S. Snyder and Pvt. Hager, middleweights; and Privs. Mirnicki and Berry, lightweights.

The program includes Pvt. Clifford, formerly stationed at Peking, China, in a Hebrew impersonation; Privs. Nagle and Davis, overseas veterans in nonsensical nonsense; the Marine Comedy "Four in 15 Minutes of Harmony"; Sgt. Brown, bass; Pvt. Wolf, 2nd tenor; Cpl. Pearson, baritone; Pvt. Angue, 1st tenor. These men are all from Mare Island Navy Yard. Trumpeters Sgt. Manco, Arndt and Warner in single harmony. Sgt. Manco is recognized as America's best bugler.

The Saxophone Quintette, five musical Marines: Pvt. Vaughn assisted by Privs. Moore and Bailey in Bumpy Bumps, a comedy tumbling act of much merit; Cpl. Pearson and Pvt. Carey in a comedy playlet, "Love of Duty." Cpl. H. E. Davis (the Billy Sunday of the Marine Corps) in a few words about the Marines by a Marine.

The musical program includes U. S. M. C. Concert, "Stars and Stripes Forever," "Desert Dreams," "Laze-Daze," "Love of Duty," "Miss Yvonne Poulet," "The Marine's Dream," "Taps."

No smoking will be allowed in the theater, but "smokes" will be given out as patrons leave the theatre.

POWDERED MILK A MODESTO PRODUCT

MODESTO, Feb. 13.—The Milk Producers' Association of Central California have let the contract for the construction of a new powdered milk plant on the property adjoining their Modesto Creamery.

When completed the new department will have a capacity of 100,000 pounds of milk or 8000 pounds of powdered milk daily. Skimmed milk will be used in the powdered milk manufacture.

Teachers to Quit Unless Better Paid

Hundreds of Eastern Schools Forced to Close, Lacking Instructors

NEW YORK, Feb. 13.—Parents will see the country without school and college teachers unless salaries are increased.

This is the assertion of Miss Helen Taft, acting president of Bryn Mawr college.

Miss Taft says hundreds of schools in New York and Maine have been forced to close for lack of teachers.

N. F. MORSE DRIVEN FROM CITRUS RANCH BY OIL OPERATIONS

With wells producing, others boring and material on the ground for other rigs on property, east, west and south of his twenty-acre tract, and the tract under lease to the Union Oil company, Frank N. Morse, well known Placentia orange grower, has deserted his ranch property and moved into Fullerton.

Three rigs are now up on his home place, one practically a producer at this time and lumber is on the ground for the fourth rig. He recently has sold the surface rights on this piece and today workmen are engaged in converting his residence into a restaurant and lumber is available for the building of a number of cottages for workmen.

The twenty-acre tract, on three sides of which operations are in progress lies across the road and to the north of his old home place.

The tract is 2100 feet northeast of the big Chapman gusher and 434 feet east of the Midway Petroleum company's Yarnell No. 2, which is expected to go over the top any time now.

Union No. 2, on the Newell lease, will be drilled within 250 feet of the east line of the twenty-acre tract. Lumber has been delivered for the rig. The Standard No. 1, on the Kellogg lease is 1200 feet east. On Morse's home place, the Union today is "shooting" Morse No. 1, to release the pipe, which is held firmly by the high pressure of oil, and it is expected this will be brought in within a few days.

The oil sand in this well was struck at 2400 feet and is the shallowest well in that vicinity. This well is within 434 feet of the twenty-acre tract being immediately south of the road and west. The Union's Powell Spouter is a short distance east.

The tract is right in line with the definitely defined course of the oil bearing formation.

Morse has given a twenty-five year lease on the mineral rights, with

(Continued on page ten)

TEACHERS URGE ALL CITIZENS TO ATTEND MEETING

Declaration Is People Should Be More Interested Than They

That the question of teachers' salaries is of far more consequence to the residents of the city in general than to the teachers themselves, is declared by a number of teachers who are instrumental in the activity of the Teachers' League of Santa Ana. For that reason parents of pupils in Santa Ana schools are especially urged to attend the public meeting to be held tonight at Intermediate school. C. A. Wheeler of Los Angeles, president of the southern division of the California Teachers' Association, is to deliver an address upon the conditions "that have caused a great shortage of school teachers in the United States. He is to point out the necessity of better pay for teachers if the profession is to retain and bring into it the class of instructors that are desired.

Miss Vanche Plumb, principal at Washington school, is president of the Teachers' League, and will preside at the meeting tonight.

"Santa Ana has lost a good many teachers in the last year, and will lose more," declared one of the teachers today, "unless substantial salary raises are made for next year. The teacher who can go elsewhere and make a good deal better money is not the loser. The city that suffers a drain of its best teachers is the loser."

It was also declared that the teachers last year had ample time in which to consider their contracts before signing them, and a decision has already been reached this year to give notices of salaries for the coming year at an early date as possible and probably well in advance of notices given in former years.

That will give any teacher who is dissatisfied with the salary here an opportunity to apply elsewhere.

The meeting tonight at Intermediate school will begin at 8:00 o'clock. Those familiar with the attitude of the board of education declare that the board has been paying the best possible salaries under the amounts available for salary purposes.

Santa Ana Marriages Again Rapped by Los Angeles Judge

SANTA ANA, sometimes called the Green Green of Southern California, came in for a rap at the hands of Judge Monroe in Los Angeles when he tried the divorce suit of Mrs. Hazel S. Lynn, who testified her husband, Earl W. Lynn, deserted her a little more than two months after their marriage here.

"So my folks wouldn't know," was Mrs. Lynn's response to the court's question as to why she and Lynn went to Santa Ana to get married.

"You didn't know that most of these Santa Ana marriages turn out badly, did you?" asked Judge Monroe.

"Not at that time."

"The next time you get married don't go to Santa Ana or you may get into divorce court again," was the court's admonishment.

Mrs. Lynn today was searching for some missing witnesses to aid her in winning a decree.

She told the court she was married November 22, 1916, and that the couple separated January 28, 1917.

SANTA ANA SHORT ON SPUDS, NO HOARDING HERE, SAY DEALERS

Statistics published in Los Angeles showed that potatoes are being held in the city beyond current needs. There are in storage, according to the reports, 4,658,810 pounds of potatoes, and dividing this store among the 600,000 inhabitants of the city, the average would be 8 pounds for each man, woman and child, or 40 pounds for a family of five.

No such condition exists here, Santa Ana is really short of spuds, and the stock on hand among the jobbers and larger dealers is not more than enough to supply the demand for three or four days. This is the information given by W. N. Prince, head of the wholesale food and grain firm of W. N. Prince & Company of this city.

Responding to a request for information regarding the local potato supply, Prince said:

There is no hoarding of potatoes in Santa Ana for we have not enough to hoard. There is none in the ice-house, and we have in stock not more than 150 or 200 bags. I doubt if any other dealers have more than 50 pounds on hand. Our grocers are buying just sufficient to meet their immediate needs, for they are apprehensive of a fall in prices, and they don't want to be caught with a large stock on hand.

I am told that some potatoes are being held in Los Angeles for higher prices, but the amount of this holding is uncertain. Certainly nobody is holding potatoes in Santa Ana.

A Porterville bank is planning to organize and support a cow-tending association for the dairymen of the Porterville district.

The Farm Bureau Marketing Association, comprising Tulare, Kern, Kings, Fresno and Madera counties sold in its auction markets 49,123 head of hogs for \$1,705,000 during 1919.

Roller Skating, afternoons and evenings, at Armory—except Sundays and Mondays.

Balboa's Gayety Season Opening Is Heralded As Firemen Stage Big Ball

The Annual Firemen's Ball—an event which, though held in what might be termed the "tail end" of the winter, is regarded at Balboa as signaling the opening of the summer season at the popular resort—has been held, and today numbers of persons who attended last night's big affair at the beach pavilion felt that so far as they are concerned the period of 1920 summer gayety has been definitely launched.

Approximately 100 couples, comprised of numbers of residents of Balboa, Newport Beach, Santa Ana and Los Angeles, were present at last night's ball at the Balboa pavilion. The Fifth Annual Firemen's Ball, it was the first to be held since 1917. The attendance was regarded as satisfactory, despite the fact that the American Legion carnival at Santa Ana undoubtedly kept many people away.

Those present expressed themselves as having had a delightful evening. Many old-time dances, including the Virginia reel, were held, as well as enough of the modern dances to satisfy those who prefer those styles of the Terpsichorean art. What is called the "spot dance," one wherein the dancers halt at designated points at a given signal, was greatly enjoyed.

Refreshments of "hot dog" sandwiches, punch, and hot coffee were served.

Among the popular diversions were what were called Jarem and Robinson's Shows, which were conducted at one end of the hall, and which were really "sells" for those who had the temerity to investigate. An exhibit called the California Red Bats proved to be two bricks, coyly reposing in a box fitted with a peephole. The Ground Hogs turned out to be two sausages.

The Snyder Jazz Orchestra, of Balboa, furnished the music. There

CONSOLIDATION OF CITIES IS NOW WIDELY DISCUSSED

Mesa Folk Much Interested, Some Want to Be in the Greater Santa Ana

The proposed consolidation of the cities of Santa Ana and Newport Beach into one municipality, recently suggested as a means of giving Santa Ana a harbor and Newport Beach the united support of Santa Ana, appears to be a live topic of conversation these days at Newport Beach.

Reports from Newport Beach today are that a petition to find out the stand of beach residents on the merger proposal is still in circulation at Balboa, and fully ninety per cent of the citizens are in favor of joining with Santa Ana, also that many non-resident owners of property in Newport Beach are in favor of the proposal.

Stephen Townsend of Long Beach, and probably the largest property owner on that part of Newport Heights which is a part of Newport Beach, is in favor of the merger and will give all possible aid to the project.

A number of Santa Ana people have also expressed themselves in favor of the merger, and have evidenced considerable enthusiasm, believing that with the consolidation of the two cities the greatest good for all concerned will be obtained through Newport Harbor development.

Some have even gone so far as to suggest the formation of an "Annexation Club" or some similar organization, for the purpose of furthering the union of the two municipalities.

Shoestring Strip View Before the consolidation could be carried out, it would have to be approved by voters on a "shoestring strip" connecting the two cities, hence the view of people living between Santa Ana and Newport is of interest.

Some idea of how Newport Mesa folks look upon the proposition may be obtained from the following item from Harper in the Newport News:

"The question of merging the cities of Santa Ana and Newport Beach is beginning to absorb the interest of Harper people and they are studying the various phases as to benefits, taxes, etc. George Huntington has already toed the scratch in favor of it and is advocating it strongly. Some are particularly committed to it but it will require a few more days for them to decide."

"Shall the union be made by a shoestring or by a broad belt about two miles wide? It should certainly cover the channel leading up to the inner harbor and reach across to Fairview Farms so as to block out a future big city to grow from either end toward the center. Farmers fear that city taxes might be exempt from City Taxes until such time as they were plotted into city lots. The sever question would be solved advantageously to both sections. It is a good thing to talk about and may help all to forget the high cost of living."

Next Wednesday morning at 10 o'clock the jurors selected to serve during the first half of the present year must report again in Department 2, Superior court, where a civil action is scheduled to be tried.

SANTA ANA FOLK AT ILLINOISANS' FETE

Numbers of men and women of Santa Ana and Orange county, former residents of Illinois, today recalled with pleasure their experiences at Long Beach yesterday, where was held the Illinois Society's picnic, declared to have been the most successful affair ever held under the society's auspices. A concert by the municipal band, an address by Mayor W. T. Lisenby, and an address by L. P. Steepleton, secretary of the organization, were among the features of the picnic. The mayor was introduced by Dr. George H. Galbraith, president. According to the Long Beach police, pickpockets were active in the crowd, which numbered close to 2500 persons.

S. A. AND L. A. POLY TO CLASH TOMORROW

Inadvertently it was reported to the Register that the field and track meet between Santa Ana high school and Los Angeles Polytechnic high school was to be held here this afternoon. The various events are to be run off tomorrow afternoon instead. Athletes of the local school today were more confident than ever of victory over the Angelinos.

Among the local men who are expected to hang up some good marks for their school are Spangler, Keech, Flavan, Arkley, Finley, Crookshank, Tetz, Remsburg, Cock and Nelson.

NIGHT FRUIT STANDS REPLACE ROADHOUSES

SAN FRANCISCO, Feb. 13.—All night fruit stands, to rival the roadhouses of pre-prohibition days, are to dot the highways of California, if the plan of a company, incorporated here for this purpose materializes. The company plans to construct steel buildings along the roadside convenient for tourists, where fruits plucked from nearby orchards are to be sold. The corporation expects to extend its activities all over the state.

Women Jurors Tell Views BIAS BAD, ONE DECLARES Interesting, Says Another

THE first women to serve on an Orange county superior court jury. They heard the evidence in an action brought by R. H. Kenney against the Pacific Electric Railway Company for \$75,000 damages. From left to right they are Mrs. Flora M. Pyle, Westminster; Mrs. Flossie P. Hemphill, Orange; Mrs. Edna E. Jaynes, Buena Park; Mrs. Anna Boney, Garden Grove; and Mrs. Martha C. Goodale, Anaheim.

One of First Jurymen in County Says Experience Not Pleasurable

To Mrs. Flora M. Pyle, of Westminster; Mrs. Flossie P. Hemphill, of Orange; Mrs. Edna E. Jaynes, of Buena Park; Mrs. Anna Boney, of Garden Grove, and Mrs. Martha C. Goodale, of Anaheim, belongs the distinction of being the first women to serve on a jury in the Superior courts of Orange county.

They were in the jury box in the court of Superior Judge Williams, where an action brought by R. H. Kenney against the Pacific Electric Railway company for \$75,000 damages was tried this week. The jury failed to agree on a verdict.

These women today were recalling their experiences in the courtroom during the trial of Kenney's case. One of them felt deeply the personal responsibility that devolves upon each person serving on a jury. Another declined for the present to express her views on the jury system as a whole, or to say whether or not she enjoyed her experience while serving as a juror. Still another is convinced that persons placed on juries are put there to use their common sense and best judgment, and that whether these persons are women or men should not enter into the question.

Next Wednesday morning at 10 o'clock the jurors selected to serve during the first half of the present year must report again in Department 2, Superior court, where a civil action is scheduled to be tried.

Jurors Get \$3 a Day. Each juror, under the law, re-

(Continued on page ten)

WOMAN AT CARNIVAL HAS COAT PAID ON A BET WITH DEATH

With the Wortham shows, which are now here, is a woman who wears the field coat of a Canadian major. This garment has caused no end of speculation in Santa Ana. The woman is Mrs. Lewis Lance, wife of one of the famous "Princess Pat" regiment boys. The coat was worn by her husband's major in France. How she came to possess the garment is an interesting story.

Lance is one of the American boys who went to Canada early in the war and enlisted. He went overseas with his regiment, and when he answered the last roll call was one of only fourteen men remaining who went into the first action with the regiment. The balance were either dead or in hospitals. Lance was in the battalion commanded by Major Reynolds. The officer admired greatly a wrist watch that Private Lance wore. He tried in every way to get it from his subordinate. Lance, however, would not part with the timepiece.

One day Major Reynolds jested with Lance and said: "You want my field overcoat and I want your watch. We cannot make a trade. Now, if you are killed first your watch is mine, and if I die first

(Continued on page ten)

MATEER TO HAVE NEW LOCATION AT BROADWAY AND FOURTH

Negotiations Completed for Taking Over Hayes' Variety Store Lease

Preparing himself against a certainty of having to give up his present location when the First National bank starts to carry out its building plans for the southwest corner of Fourth and Main streets, E. T. Mateer today is the owner of the C. D. Hayes lease on the Walter A. Moore corner at the southeast corner of Broadway and Fourth streets.

He has just completed negotiations for the lease. The corner is the room occupied by the Hayes Variety store, the building having been recently put up especially for Hayes.

For the present Hayes will continue to handle the stock and the business may be conducted there for a number of months yet. It is not Mateer's plan at this time to move his drug store to this location until it is necessary to do so, although conditions may arise that might cause him to make the move before.

The stock of goods in the store will be disposed of, but in what manner has not yet been fully determined.

Before Mateer occupies the room with his business, it is understood some extensive improvements will be made, in the way of breaking up the monotony of the solid brick wall along the Broadway street side. The straight side will be broken with display windows, and the improvements may be carried even to the point of adding another story to the building. These are just tentative plans, but are very liable of execution.

Mateer has been casting about for a location ever since it became definitely known that the bank would construct a modern business block on the corner, and the negotiations just completed place him in possession of an ideal corner for his line.

Hayes has sold his residence at 408 East Pine to Fred L. Mitchell. The fact that Hayes has sold his home and his lease on the business property does not mean that he is going to leave Santa Ana.

"No, sir; I am not going to leave Santa Ana," said Hayes, when asked if the sales means that he was going to leave the city. "Santa Ana is my home and will ever continue to be. It suits me, and they couldn't drive me away from here, even with a coat of tar and feathers."

LAW AGAINST WEDDED TEACHERS IS 'STUPID'

A fight to revoke the state law prohibiting married women from obtaining positions as public school teachers has been started by Mrs. May L. Chaney, recently appointed assistant secretary of the state board of education.

Mrs. Chaney asserts that California's public schools are filled with "spinster" teachers who are no more qualified to serve than married women.

Yuba Tractors for your orchard.

Swings its doors wide open this a. m. Hundreds have availed themselves of this money-saving occasion. You hear the talk of higher prices on shoes and all merchandise—it's true. Prices are soaring higher—but be sure you beat those high prices—and lay in your supply of shoes and dry goods from this sale. It is the most important bargain event this house has ever put on. Let nothing keep you away from this sale. We can't tell you all in this ad. Many prices are far below today's wholesale cost and can't be duplicated when stock is exhausted. Plan to be here Saturday.

ANCIENT PERU MASSACRE TO BE PROBED

LIMA, Peru, Feb. 13.—After much heated discussion the Ecuadorian Chamber of Deputies has voted that the duty of making an investigation of the massacre of 1912 rests upon that body, according to Quito dispatches recently received with approbation on all sides for there has been a widespread desire that those guilty of the assassination of General Alfaro and others of his party should be brought to justice.

"Suspicion has always rested upon certain of President Plaza Gutierrez's associates, and it is expected that important personages will be brought to trial," according to these advices, "and, in fact, it is freely stated that in anticipation of this event the members of the Plaza Gutierrez clique have commenced drawing up their defense."

"The massacre of 1912 will be remembered as one of the bloodiest and most atrocious acts which has ever disgraced Ecuador. General Alfaro and a number of his adherents were dragged through the streets, shot and in some instances decapitated. The reason d'être of the outrage was the supposed conspiracy on the part of General Alfaro to overthrow the existing government, but this was never proved."

DRIVEN FROM RANCH BY OIL OPERATIONS

(Continued from page nine)

one-sixth royalty. One of the features of the lease is at the expiration of that time the rights revert to the owner, with the owner having the privilege of buying the equipment at its value at that time.

Morse is dividing this tract into units for sale to Orange county investors, giving them, what he believes to be a rare opportunity to make big returns from a small investment. The property has been deeded to the Placentia National Bank in units which are to sell at \$250 each, going on the market Feb. 16. The purchasers buy and own the land in fee, together with the oil rights. The Placentia National Bank will handle all the business, collecting the one-sixth royalty and distributing it to the unit owners.

With wells in that field producing from 1000 to 1500 barrels per day, it is expected that five or more wells that can be located on this tract in time will be good producers and return to unit buyers big interest on their investment. Hoffman, Smith and Holcomb, of Santa Ana have been appointed by Morse to represent him in the sale of these units.

WOMAN AT CARNIVAL HAS DEATH-BET COAT

(Continued from page nine)

my coat is yours."

These men jested about death. Lance agreed to the bet. He and Major Reynolds were shot down shortly afterward in the same fight. Reynolds was killed instantly and Lance was sent to the hospital for fifteen months. While in the hospital a bundle came addressed to him. It contained Major Reynolds' overcoat. After his death his will was probated. One of the clauses told of his odd bet with Lance. His sister carried out the provision in the will, and, locating Lance through the war office, sent him the coat.

This is the garment Mrs. Lance now wears in Santa Ana. Lance and his wife are with the free war exhibit at the big carnival.

Last night every show with the carnival got a big play. Every day the carnival is here it becomes more popular. The show family has made a host of friends since the carnival arrived in this city. The shows will close Saturday night at midnight.

DRIVE AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do.

Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size \$2.50.

MUSTEROLE
WILL NOT BLISTER

CHAMELEON IS PHILA. GIRLS' LATEST FAD

PHILADELPHIA, Feb. 13.—Meet "Miss Tiny" and her chameleon.

The two have started a fad among the girls down at the Philadelphia Navy Yard. The girls there are beginning to wear chameleons just as they would a trinket, wrist watch or necklace. Only there's a bit more careful with this kind of adornment.

Know what a chameleon is? "Miss Tiny" will tell you its the "cutest, darlinest pet" in the world. Zoologically speaking it is a lizard of the genus chameleon, and its most remarkable characteristic is its change of color.

"Miss Tiny," whose real name is Lida Lopez, is employed in the office of Commander Robnett of the Board of Surveys, Appraisal and Sale.

No society debutante is more careful of her poodle than is "Miss Tiny" of her chameleon. She's had it for several months, while it was sent to her from Cuba and since then her friends in the navy yard and outside have invaded animal stores to buy the curious creatures.

"Oh, I'm so afraid it will catch a cold," said Miss Tiny yesterday as she clasped the chameleon while waiting to have her picture taken. Her friend, Miss Janet Dye, a navy yard stenographer, also helped Miss Tiny protect the little animal from the cold wind.

The chameleon lives for the most part on sugar, flies and a special preparation. Miss Tiny's pet has made such a hit that a favorite indoor sport for the girls is to catch flies for consumption by "Jazz Beau" as the chameleon is called.

Girls having chameleons carry them in tiny woolen knitted bags or in pockets especially made on the side of their waists. The small creature becomes green, blue, purple or other colors, in accordance with the background. It's quite temperamental and sometimes if too many colors are put near, it grows wildly nervous.

FRENCH MARKET FOR FRESNO TOBACCO

FRESNO, Feb. 13.—Following the receipt of a letter from the American Chamber of Commerce of London, strong hope was expressed by officers of the Fresno Chamber of Commerce that the 200,000 pounds remaining of the tobacco pool formed by valley growers would be taken up by a strong European company.

Samples of the tobacco, Turkish leaf, will be forwarded to Paris, where they will be placed under the inspection of experts for the Bay State Foreign Trade Company, 1-3 Rue Caumartin, on whose report the sale may or may not be made.

The letter from the American trade organization was in answer to a query from the local boost body. It said the Paris concern had expressed much interest in the crop proffer and had asked for further information.

The pool originally amounted to some 300,000 pounds but one-third of it has been disposed of to various buyers for American tobacco houses at encouraging prices. The pool was formed by the California Tobacco Growers' Association.

Experiments in ageing the product of the valley fields are in progress and may net some interesting information for growers in the future. The tobacco on hand is known as the Kavalla and Samsun varieties.

STEPHENSON AVENUE WIDENING FAVORED

The California highway commission has formally requested the board of supervisors of Los Angeles county to proceed by the necessary legal measures, by purchase or condemnation proceedings, to acquire the land required for the widening and paving of Stephenson avenue between Indiana street and old Telegraph road.

(Advertisement.)

Goldendale, Wash.—"I wish to tell in my own way about Dr. Pierce's medicines. In the year 1902, in January, I was taken sick with vomiting. Nothing would stay on my stomach at all, not even a drink of water and God alone knows what I suffered, and along in June or July my kidneys bothered me. I got so weak I could hardly walk around the house, but had to go as my three children were small. Finally I got Dr. Pierce's Golden Medical Discovery and took two bottles and today I have no stomach trouble whatever. Whenever I feel bad I go and get the Pleasant Pellets or some of Dr. Pierce's medicines and it always helps me soon."—Mrs. G. M. PETERS, Route 3.

"After suffering pain, feeling nervous, dizzy, weak and dragged down by weaknesses of my sex—my eyes sunken, black circles and pale cheeks—I was restored to health by the Favorite Prescription of Dr. Pierce." So write many women. Changed too in looks, for after taking Dr. Pierce's Favorite Prescription the skin becomes clear, the eyes brighter, the cheeks plump.

Drugs are sold in tablets or liquid. It's a woman's best temperance tonic, made from wild roots.

'CURED OF BAD-BLOOD, STOMACH, KIDNEY AND NERVOUS TROUBLES'

Seattle, Wash.—"I was in a general run-down condition. Had bad blood, stomach trouble, kidney trouble and suffered from nervousness. I took three bottles of Dr. Pierce's Golden Medical Discovery and a few bottles of Dr. Pierce's Favorite Prescription and was completely cured and have never been sick a day since."—Mrs. MARY HASKINS, 907 27th Ave.

TEXAS LOSING FIGHT AGAINST COTTON PEST

AUSTIN, Tex., Feb. 13.—Regulation of cotton growing in infected districts, with the pink boll worm, will not eradicate the pest, according to an opinion expressed by W. D. Hunter of the United States Department of Agriculture, following a conference with Governor W. P. Hobby, at which it was decided that Texas laws will not permit the establishment of non-cotton growing zones.

Dr. Hunter said that a losing fight is being waged against the pest, which is spreading, and unless laws to authorize the prohibition of cotton growing in infected districts are passed, all of Texas will eventually have the pink boll worm.

Counties infected at present are Jefferson, Chambers, Galveston and parts of Harris, Brazoria, Liberty and Hardin. Reeves and Ward counties had infected areas, but it is believed that the pest has been eradicated there.

SHORTAGE OF WATER POWER IS INDICATED

SAN FRANCISCO, Feb. 13.—A water power shortage is inevitable in Northern California and the demand will be from five to ten per cent greater this year than in 1919, according to a statement issued here by State Power Administrator Butler.

Last year, the statement says, 60 per cent of the power used in the north was generated by hydro-electric plants using the unregulated flow of the streams, but the rainy season is now so far advanced that there is hardly a chance of the stream flows being brought up to normal.

A New Way To Cook

It ends cooking guesswork and kitchen drudgery

Formerly women had to depend upon guesswork in determining their oven heat. The result was that often cooking skill and careful mixing went for naught. Foods were underdone or overdone or burned. There were lucky and unlucky baking days. And, too, women had to spend long tiring hours in the kitchen watching and stirring foods. Hours that took the pleasure out of cooking.

The fact that most women are anxious and nervous when they bake shows that there is an element of chance when baking.

COOK A WHOLE MEAL AT ONE TIME

And most wonderful of all, with this magic device foods formerly cooked on the top burners are cooked in the oven. You can cook a whole meal unwatched in the oven at one time. You set the wheel and then you know exactly when your meal will be done. And you forget about it until then.

The Oven Regulator has revolutionized cooking. It has shown women how to cook better, easier and without waste. Surely no woman will be content to cook the old time way now.

44 TEMPERATURES AT YOUR COMMAND

All that is now ended. The Direct Action Oven Heat Regulator has shown women a new way to cook. A way that makes every day a lucky day. A way that frees you from pot watching and gives you many extra hours each day.

DIRECT ACTION GAS RANGES—The Convenient Stoves

"Convenience First" was the consideration when the Direct Action Gas Range was designed. And in making it convenient, many other attractive features have been adopted. They are: You can "broil without stooping" as the broiler is placed on top above the oven. You can bake just as conveniently as with any other stove. Besides, with any range you spend but a few minutes placing things in the oven, whereas, it takes quite a while to broil. Broiling is an operation that requires constant supervision—baking doesn't—so broiling should be as convenient as possible.

The baking oven has a separate burner, as has the broiler. The baking oven burner was designed for baking, and the broiling burner for broiling. That's why you obtain such excellent results from these specially designed burners.

As there are separate broiling and baking burners, you can adjust the baking independently of the broiling, or adjust the broiling independently of the baking. Each burner has a separate valve, and all valves are right in front within easy reach, and there is only one valve for each burner.

There is no complicated pilot lighter for either the baking or broiling burner. You apply the match directly to the burner.

The baking oven burner is placed directly in the oven, there are no flue walls or solid oven bottom between the baking and the heat of the burner. Hence, your oven will heat instantaneously. You can place your baking directly in the cold oven.

The bottom baking rack is flush with the oven door when open. You can slide your baking in and out, without a drop of two inches as with other makes.

Come in and let us show you this Marvelous Gas Range.
